TWELVE PAGES—THREE CENTS

Quintuplets Meet The King, Queen

FAMOUS MAIDS SCORE TERRIFIC HIT IN TORONTO

Insist On Kissing The British Rulers; Get, Give Presents

Toronto, May 22.—(P)—The Dionne quintuplets, dressed in their prettiest clothes and wide-eyed in amazement at seeing the outside world for the first time, came to Toronto today and met the king and queen.

The five sheltered little girls, who never before had been away from their nursery home in northern Ontario, made during the day a surprise appearance before 700 of the province's notables in the legislative chamber and scored a terrific hit in this, their first public showing.

The quintuplets had come aboard their special seven-car train "Quintland" primarily to meet King George and Queen Elizabeth, and this they did with grace and charm in a private audience in the legislative chambers.

The quints curtsied to the queen. Each took her turn without a trace of nervousness, and they all came off without toppling over. Queen Elizabeth stood in admiring wonder.

Kiss King, Queen

They hugged and kissed both the king and queen, gave them their autographs and pictures, called the queen beautiful and presented her with bouquets of flowers. And then the king and queen talked to them at length—the meeting lasted a full 19 minutes, a long time for one event in the swift-moving royal tour.

Their majesties also met the parents, Mr. and Mrs. Olive Dionne. Dr. Allan Roy Dafeo, the attending physician who became world famous with the birth of the babies, and three nurses who helped bring the little girls here.

After it was over the queen remarked: "What beautiful children—these are among the most beautiful children I ever have seen."

Then came the appearance before the royal legislative gathering. It was arranged by Premier Mitchell F. Hepburn of Ontario.

The quints came in a charming procession through a door at the right of the speaker's dais, papa and mama Dionne with two between them, then the three nurses each with a quint by the hand.

Quints' Dresses

Each child—Marie, Cecile, Emilie, Annette and Yvonne—was dressed in a little long court dress of organza, with a white poke bonnet tied under the chin and falling back from the head, accentuating their brown hair. They wore mesh mittens tied with little ribbons, patent leather slippers and white socks.

They looked around at all the people in as much wonder and amazement as did those whose eyes centered upon them, then back together to their train they went, to play with their toys until bedtime.

The quints were hustled out of town as quickly and unobtrusively as they were brought in, spared completely from the throngs crowding into Canada's second largest city for the royal visit.

Dr. Dafeo, telling of the royal audience later, said that Marie, the tiniest, asked the king to give their love to his daughters, Princess Elizabeth and Margaret Rose.

"The children talked so much and so quickly," he said, "that they scarcely gave the king and queen a chance to get a word in. They each carried a bouquet, but they decided their majesty should have them and they gave them to her."

Weather

For Jacksonville and vicinity: Unsettled, probably local thunderstorms by tonight and tomorrow; cooler tomorrow.

The Nubury Sanatorium, cooperative observer for the U. S. Weather Bureau, last night gave temperatures as high 90; low 59 and at 6 p. m. yesterday 82.

Illinois: Unsettled, warmer in extreme northeast, probably local thunderstorms by Tuesday night and Wednesday; cooler Wednesday.

Missouri: Local showers or thunderstorms Tuesday or Tuesday night, becoming generally fair Wednesday; warmer Tuesday in southwest portion; cooler Wednesday.

STATE COFFEE

Man, 70, Asks Separation Because of It

Syracuse, N. Y., May 22.—(P)—Lewis H. Barlow, nearing 70, wants a separation because, he alleges, his wife served him coffee two or three days old and—

He was forced to drink hot water from a boiler because his wife refused to let him heat it on a gas stove, saying it "used too much gas."

Barlow's complaints were contained in separation papers filed in state supreme court. Mrs. Barlow is about the same age as her husband. They were married 18 months ago.

NEW DEAL, GOP LEADERS CLASH ON ECONOMICS

Paths To A Higher In- come Debated For Federation

Washington, May 22.—(P)—New Deal and Republican leaders mapped divergent paths to higher national income in speeches to the American Retail Federation today.

Secretary of Commerce Harry L. Hopkins, the former WPA administrator, said the proper road was continuing the administration's social and economic program.

Representative Martin (R-Mass.), the house minority leader, called for revision of the New Deal laws and accused the Democrats of trying to "run away" from this "responsibility" by early adjournment of congress.

Economic Defeatism

Martin said his party rejected "the New Deal economic defeatism which proclaims there are no more frontiers to be conquered."

"We on the minority side envision a day when our national income easily may reach \$100,000,000,000 a year," he said.

The early adjournment of congress in the face of the many things which need to be done in the interest of recovery simply means abdication—a throwing overboard of the legislative program—a running away from the grave responsibilities of the national welfare."

Hopkins asserted that the administration favored business profits except those made by misrepresentation, exploitation, waste of natural resources and monopoly.

King and Queen See Toronto Horse Race

Toronto, May 22.—(P)—C. George McCullough's Archworth won the 80th running of the King's Plate at Woodbine track today while the King and Queen looked on.

A cheering crowd of 40,000 saw their majesties arrive at the track a few minutes before the 13 runners left the paddock. King George, first monarch to witness a running of the event inaugurated by Queen Victoria, presented 50 guineas to the winning owner and personally congratulated him and Jockey S. Birley.

The triumph of Archworth, a 2 to 1 favorite, was highly popular. Sea General, owned by Harry Giddings, placed second, a full 10 lengths back of the flying winner, with W. S. McLaughlin's Skyrunner third. The time was 1:52 2-5. The event carried a \$10,000 added purse.

CHICAGO ASKS 30,000 VACATIONS LESS PAY

Chicago, May 22.—(P)—Mayor Edward J. Kelly told city department heads today to emphasize to civil service employees the necessity of payless vacations to permit the city to save \$30,000,000 and balance the budget.

No civil service employee can be compelled to take a pay cut after the budget has been passed, but they can ask for a payless vacation.

The mayor has authorized printing of 30,000 agreements requesting a two-week vacation without pay, requiring only the signature of the civil service employee.

U. S. Envoy On British Clothes

London, May 22.—(P)—United States Ambassador Joseph P. Kennedy advised English tailors today to lower the waistlines of trousers and shorten socks and shirts, but his advice was dismissed by one of their spokesmen as just "another little bit of blarney."

Kennedy told a luncheon of the American Chamber of Commerce that Americans probably "would like those fine English socks if they could get some that did not come up to their knees" and "they could also use some shirts that didn't come down to the same place, not to mention trousers

AFL THREATENS STRIKE IF NLRB NOT CORRECTED

Justice Under Wagner Act Asked; Declares CIO Is Favored

Washington, May 22.—(P)—An assertion that the American Federation of Labor was prepared to use the strike weapon if it could not obtain "justice under the Wagner Act" came today from Francis P. Penton, AFL organization director.

Appearing before the Senate Labor Committee in behalf of the AFL's proposed amendments to the labor law, Penton complained of labor board delays in disposing of cases involving the AFL and CIO, and charged that the board had "one rule for the CIO and another rule for the AFL."

AFL's Strike Policy

Solemnly, he went on to say that for 50 years the AFL's policy had been to exhaust every available means of achieving its ends before resorting to strike action, and added:

"No matter how wrongfully the Wagner Act is administered, the AFL will continue its policy, using the act to promote collective bargaining, but resorting to its economic strength if the act does not give justice to its petitioners."

In his complaint against board administration of the act, Penton charged "unwarranted delays, inefficient investigations, abuses of discretion, and partiality to the CIO and bias against the AFL."

Detroit Strike Leaves 24,000 Workers Idle

Detroit, May 22.—(P)—A strike of CIO-affiliated United Automobile Workers left upwards of 24,000 men idle tonight and a government conciliator was reported hastening here to offer his services toward a settlement.

Nine hours after the strike closed seven plants of the Briggs Manufacturing Company and threatened operations in other factories. R. J. Thomas, president of the CIO-UAW, announced that Federal Mediator James P. Dewey would come here tomorrow from Chester, Pa.

The Briggs strike affected 15,000 employees directly. A few hours after the halt in production of the Briggs car bodies, 6,000 day shift employees of the Plymouth division of Chrysler Corporation became idle. An additional 3,000 Plymouth workers were expected to be laid off.

The strike was called by Emil Mazey, president of the Briggs local of the UAW-CIO in five Briggs plants in Detroit proper and one in suburban Hamtramck and Highland Park. It followed a breakdown in negotiations for renewal of a contract that expired a week ago.

SPRINGFIELD HOST TO STATE NEWS LEAGUE

Springfield, Ill., May 22.—(P)—Attorney General John E. Cassidy told the Daily Newspaper League of Illinois tonight that the state legislature should pave the way for a referendum vote on a constitutional convention.

Mentioning consolidation of counties and amendment of the revenue articles as among "a multitude of administrative reforms needed," Cassidy said legislators and the press could "perform no greater service in behalf of the common interest" than to support a convention which would revise the constitution of 1870.

Approximately 80 publishers and advertising executives of 50 Illinois daily newspapers are registered for the two day meeting.

HORNER GIVES ANNUAL MEMORIAL DAY CHARGE

Springfield, Ill., May 22.—(P)—Governor Horner said in his annual Memorial Day proclamation today that citizens of today "are strengthened in thinking of the heroism of those who offered their lives that our liberty might be kept, our national life preserved."

Graves of soldier dead should be decorated and flags displayed on all public buildings in the state next Tuesday, May 30, the proclamation said, adding that flags should be at half staff from sunrise until mid-day, and at noon be hoisted to full staff, there to remain until sunset.

which had their waistline where God made it on man and not in the general vicinity of the shoulder blades."

The editor of "Tailor and Cutter," trade Journal of English tailor, said he regarded the ambassador's remarks as "just a pleasant exaggeration."

Kennedy's advice was offered "without criticism" in a talk in connection with foreign trade week. His point was that neither United States nor English private enterprise was making full advantage of the British-American trade agreement signed last November.

Roosevelt Denounces Critics Of His Policies As 'Radicals'

Says Balancing Budget, Even By Next Year, May Be Difficult, Even Impossible Job; Addresses Retailers Forum

Washington, May 22.—(P)—President Roosevelt denounced critics of his economic program tonight as "radicals" eager "to gamble" with the safety of the nation, and bluntly gave notice he would sanction no abandonment of administration "principles and objectives."

Addressing the retailers national forum, the chief executive:

Asserted that if "so-called" business "deterrent taxes," such as the undistributed profits tax, are repealed, other taxes on business must be increased to replace the revenues thus lost.

"Impossible" Job

Said that while "the conservative attitude of this administration" hardly contemplates a permanent excess of government expenditures over receipts, "balancing the budget today, or even next year, is a pretty difficult if not impossible job."

Vigorously defended the administration policy of government spending and lending for the purpose of maintaining consumer purchasing

FEDERAL JUDGE SALARY TAXING IS HELD LEGAL

Supreme Court Rules Its Members Subject To Taxation

The Supreme Court yesterday ruled that the salaries of federal judges are subject to federal income taxes.

Decided that the "gold clause" rescript passed by Congress in 1933 voided contracts calling for payment of bonds in the foreign currency equivalent of gold dollars.

Declared that an Oklahoma election registration law was unconstitutional because it discriminated against Negroes.

Washington, May 22.—(P)—The Supreme Court, in a 7 to 1 decision today, decided the federal income tax applied to the salaries of its own members and those of all other federal judges.

The decision meant that there is no longer any class of public officer who can claim income tax immunity under the constitution because on March 27 the court decided that federal and state employees, other than judges, have no such immunity.

Today's decision, like the earlier one, reversed precedent. It had long been the view that a constitutional provision exempted federal judges from the tax. In fact, such an opinion was expressed in a supreme court decision in 1920.

But Justice Frankfurter, delivering the majority opinion today, said that to subject the justices to a "general tax is merely to recognize that judges are also citizens, and that their particular function in government does not generate an immunity from sharing with their fellow citizens the material burden of the government whose constitution and laws they are charged with administering."

The decision held specifically that Justice Joseph W. Woodruff of Omaha, Neb., a member of the U. S. Circuit Court of Appeals, was liable for a \$631 federal tax on the \$12,500 salary he received in 1936.

Justice Butler said in a dissenting opinion that he wanted to express his "regret that another landmark has been removed."

House Passes Bill To Hike State Old Age Pension Limit

Overwhelming Vote Comes In Face of Veto Warning By the Governor

Springfield, May 22.—(P)—The house passed the Republican-sponsored bill permitting \$40 a month old age pensions by an overwhelming vote tonight, disregarding a warning that Horner would veto the measure.

Only seven voted against the measure, which was sent to the senate. The vote was 117 to 7.

Only one legislator, Representative Thomas J. Lenane (D-Quincy) spoke in favor of the measure to allow a \$40 a month maximum pension.

An administration leader, Representative James P. Boyle (D-Chicago) warned the big increase in pensions without providing for increased revenue meant that Governor Horner "necessarily will have to veto this bill."

"I don't believe we should kid the old people of the state," declared Representative Calvin Johnson (R-Belle-ville). "We know we can't finance this bill."

Johnson estimated the increased old age pensions would cost the state \$100,000,000 for the next two years. The governor's budget calls for an expenditure of \$48,000,000 with a continuation of the present \$30 a month maximum pension.

PAINT FOR VESTIBULE SAYS, "IT'S A BOY!"

Malden, Ill., May 22.—(P)—Residents of Malden know there's a new baby boy in the family of the Rev. and Mrs. J. P. Stafford because there's a new coat of paint on the vestibule of the Methodist church.

Instead of sending out the traditional announcement cards Mr. Stafford arranged to let his friends know of the birth by having the church vestibule repainted in honor of the event.

FRANK L. WASHBURN

Bloomington, Ill., May 22.—(P)—Frank Loomis Washburn, 70, treasurer of the Illinois Florists' Association since 1907, died of heart disease tonight. He was a member of the Floricultural committee of the University of Illinois.

'THREE POINTS' KEEPING RUSSIA FROM ALLIANCE

English Cabinet Will Study Proposal Of The Soviets

Geneva, May 22.—(P)—Soviet Russia was understood tonight to be standing firm in demands for a closer form of agreement or alliance than had been proposed by Britain to bring her into the British-French front.

Faced with Russian insistence on a closer understanding, British Foreign Secretary Viscount Halifax was said to be planning to submit a three-point plan Wednesday to the cabinet in London.

Terms of the plan were said to have been evolved during conferences among Lord Halifax, Ivan Maisky, Soviet Ambassador to London, and French Foreign Minister Georges Bonnet which have taken Geneva's limelight from the 1935 council of the League of Nations.

The Three Points

These were said to be the three points:

1. That the three powers come to each other's aid automatically if any one of the three is attacked directly.
2. That if any state guaranteed by the signatory powers is attacked and asks help the three signatories give immediate aid.
3. That if any signatory considers an act of aggression against a state not guaranteed as affecting its own interests there shall be tri-power consultations to decide if aid should be given and what form it should take.

Toller, German Exiled Author, Kills Himself

New York, May 22.—(P)—Ernst Toller, 48, well known German author, poet and playwright, hanged himself with a bathrobe cord today, ending an impassioned 20-year struggle for his conception of "democracy."

At the end of the World War Toller was elected president of the Soviet of Bavaria. He served a five-year court martial sentence in a German fortress for directing German Red guards against government troops. During the last 10 years of his life, he crusaded on both sides of the Atlantic against Fascism.

Toller killed himself in his suite at the Mayflower hotel on Central Park West while his secretary was having lunch outside.

The attributed suicide to failing health. They added that his finances were at low ebb, much of the money he made from plays and movie work having gone to various "causes."

Mrs. Frederic Wertham, a friend, expressed surprise.

"He had been melancholy," she related, "but he never talked of suicide."

"He liked to relate that he founded a German Workers' Party but left it when a loud-mouthed little squirt virtually took it over. He referred to Reichsfuehrer Hitler, whom Toller met during their early political activity."

Toller, a Jew, left Germany while Hitler was rising to power. His books were burned by Nazis, and he said, his family and many friends and associates were abused by storm troopers.

Dr. Charles H. Mayo Reported "Resting"

Chicago, May 22.—(P)—Dr. Charles H. Mayo, internationally known surgeon of Rochester, Minn., was reported to be "resting comfortably" today at Mercy Hospital, where he has been treated for pneumonia since last Friday.

Hospital officials said he was "a little better" this morning and announced at 4 p. m. that he was "resting comfortably" and that his "condition was about the same."

RIVER DROWNING

Kankakee, Ill., May 22.—(P)—The body of Margaret Donahue, 38, of Chicago, a patient at the Kankakee state hospital, was recovered from the Kankakee river today. She had disappeared from a group exercising on the hospital grounds.

Highlights Of FDR Address

Washington, May 22.—(P)—Some salient sentences from President Roosevelt's address to the Retailers' National Forum tonight follow:

Consumer purchasing power is the milk in the cocoanut of all business.

I want, and I think I have your help, to build up the purchasing power of the average of your customers.

One school of thought is what I call the school of the gamblers. x x x That school is eager to gamble the safety of the nation and of our system of private enterprise on nothing more than their personal hunch that if government will just keep its hands off the economic system customers will just improve.

Tom Pendergast Is Given Prison Term

HOPE AND PRAYER Thus John Roosevelt De- fines Business

Washington, May 22.—(P)—John Roosevelt, youngest son of the president, defined business today as "a hope and prayer that you can sell something for more than you pay for it."

John, who works in a Boston department store, gave his definition while chatting with reporters during a session of the American Retail Federation.

HARLAN COUNTY MINE AND UMW SIGN CONTRACT

State Commissioner Resigns, Opposed To Guardsmen

Harlan, Ky., May 22.—(P)—The first of the Harlan county coal mines operating within the shadow of national guardsmen signed a "union shop" contract with the United Mine Workers (C.I.O.) today.

R. H. Cornett, secretary and treasurer of the Harlan-Wallins Coal Corporation at Harlan, scene of disturbances during the past week, said:

"The contract is satisfactory to the company, to the men who are not working and to the men who are working."

Cornett said a clause protected the men who had worked while troops were on duty. He added that the company, which employs 1,400 men, would resume full operations tomorrow in all four mines. The Harlan-Wallins pits were among those reopening last Monday with the arrival of state guardsmen.

Not In Association

The secretary-treasurer said the corporation is not a member of the Harlan County Coal Operator's Association. The association, controlling 42 mines, is the largest soft coal group still resisting the "union shop" contract.

None of the three other Harlan county mines which have signed union contracts had operated since the troops arrived.

Brigadier General Ellerbe Carter, commanding the guardsmen, said he would withdraw his men from the Harlan-Wallins mine tomorrow. These are situated at Verda, Molus and Shields, he said.

The general added that in event all of the mines should sign the union contract troops would not be withdrawn immediately but some would remain for several days to prevent "outbreaks by mal-content."

Marian Anderson to Appear Before King

Washington, May 22.—(P)—Marian Anderson, negro contralto, who sang an open air concert here on Easter Sunday after being barred from the D. A. R.'s Constitution Hall, will sing for the King and Queen of England at a white house dinner June 8.

Mrs. Roosevelt disclosed today that Miss Anderson and Lawrence Tibbets, Metropolitan opera tenor, would appear on a musical program designed to show the origins and heights of American music and talent.

A WPA-trained negro chorus which sang for President Roosevelt at Chapel Hill, N. C., will present spirituals and native tunes.

Sixteen square dancers from Asheville, N. C., will perform, accompanied by four small girls from Coon Creek, Ky., who will play and sing mountain songs and ballads of English origin.

In Jefferson City late today Gov. Lloyd C. Stark issued a prepared statement to newspapermen in which he asked:

"Who is going to pay back to the 800,000 hopeless and defrauded policy holders all over Missouri the \$8,000,000 that was taken away from them by the nefarious insurance compromise deal?"

"Punishing Pendergast and those responsible does not get their money back."

"x x x it seems to me that any compromise which was born in fraud and bribery is not a legal compromise. It seems to me that these 800,000 policy holders, many of them poor folks, lost their money and somebody should pay it back to them."

The governor indicated he would confer with state insurance department officials on some action to have set aside the insurance compromise.

A suit already has been filed by a policyholder asking that the compromise be set aside.

In the state phase of the insurance litigation which involved the remainder of the \$9,500,000, the Missouri supreme court threw out the compromise and ordered all of the impounded money restored to the policyholders.

Milligan said Pendergast got \$315,000 of the payoff money and O'Malley \$63,500 but that death of Charles R. Street, a Chicago fire insurance representative who collected and disbursed the influence fund, precluded further payments.

PLEADS GUILTY TO EVASION OF INCOME TAXES

Kansas City's "Boss" Sentenced; Counsel Says He Is Ill

Kansas City, May 22.—(P)—Tom Pendergast, exposed by the government as a political boss who sold his influence for a promised \$750,000, pleaded guilty to evading income taxes and was ordered to federal prison for 15 months.

Attorneys for the head of Kansas City's besieged Democratic machine pleaded that any term would be a "death sentence" because of the 66-year-old defendant's weak heart.

"The responsibility for his situation is not upon the judge who imposed the sentence," replied Judge Merrill E. Otis, "but upon him who knowingly committed the offense, knowing it was punishable by imprisonment."

A trail of dollars which led government agents to the startling discovery Pendergast plunged \$2,000,000 in one year on his self-admitted "mania" horse racing, was traced by U. S. District Attorney Maurice Milligan before sentence was passed.

Typically Silent

Pendergast, a behind-the-scenes maker of governors and senators over a 28-year period, was typically silent in the crowded courtroom. Once a tear trickled down his cheek but he said not a word. Extremely nervous, his face paled as he rubbed his thumbs together as sentence was pronounced.

Judge Otis, who had it within his power to give the defendant 10 years, emphasized the penalty was for tax evasion solely.

"Not a jot or tittle should be added to the punishment," he said, "because it is judicially noticed that the defendant has been a political boss, not because it is judicially noticed that the city and county which he has dominated has been governed with indecorable corruption and dishonesty."

Pendergast's attorneys even said "guilty" for him. That was to government charges he failed to report income for 1935 and 1936 on \$315,000 received in a state insurance deal—the only part he got of the \$750,000—and on \$128,000 paid him through "straw men" in his business firms.

But that \$443,500 was only a drop in the bucket. Milligan said, contrasted with the \$1,240,748.58 on which Pendergast allegedly has failed to pay taxes since 1927.

Judge Otis' 15-months' sentence was on a single count. He also fined him \$10,000. On a second count, he placed Pendergast on probation for five years, provided he pays taxes, penalties and interest on the \$443,500. But Milligan assured that civil action would be pressed by the government to get all that is due the government.

Pendergast, mumbling, "no comment," left the courtroom with a weak allotted him by Judge Otis before leaving for federal prison at Leavenworth, Kas.—only a short distance from his birthplace in St. Joseph, Mo. Milligan charged that Pendergast sold his political influences in 1935 when the state was in a quandary over how to distribute an impounded \$9,500,000 after a fire insurance rate increase was disallowed.

The eventual settlement, engineered by Pendergast-backed R. Emmet O'Malley as state superintendent of insurance, gave 20 per cent to the policyholders and the rest to the insurance companies and agents.

News Statement

In Jefferson City late today Gov. Lloyd C. Stark issued a prepared statement to newspapermen in which he asked:

"Who is going to pay back to the 800,000 hopeless and defrauded policy holders all over Missouri the \$8,000,000 that was taken away from them by the nefarious insurance compromise deal?"

"Punishing Pendergast and those responsible does not get their money back."

"x x x it seems to me that any compromise which was born in fraud and bribery is not a legal compromise. It seems to me that these 800,000 policy holders, many of them poor folks, lost their money and somebody should pay it back to them."

The governor indicated he would confer with state insurance department officials on some action to have set aside the insurance compromise.

A suit already has been filed by a policyholder asking that the compromise be set aside.

In the state phase of the insurance litigation which involved the remainder of the \$9,500,000, the Missouri supreme court threw out the compromise and ordered all of the impounded money restored to the policyholders.

Milligan said Pendergast got \$315,000 of the payoff money and O'Malley \$63,500 but that death of Charles R. Street, a Chicago fire insurance representative who collected and disbursed the influence fund, precluded further payments.

The Boys' State

Several Jacksonville boys will be enrolled at the Boys' State to be held June 25 to July 1 at the Illinois State Fair grounds, Springfield, through efforts of the American Legion and Auxiliary. The larger number of boys from here the better, for the Boys' State is an institution that drills good citizenship into youths in a practical way—they run their own government.

Every unit of state and local government is organized by the boys who attend the Boys' State. Citizens of Boys' State not only will be required to review knowledge already acquired concerning the political machinery of a commonwealth, but they will find themselves performing exactly the same functions as real office holders in the everyday world.

In Boys' State, citizens organize their own city. They choose their own officials in accordance with regular election procedures. They learn the duties of the various city, county and state offices. They introduce and argue their own bills in the legis-

lature. Justice is administered by their own law enforcement agencies and courts. In Boys' State, the young citizen has the opportunity to learn for himself what his government is just what he makes it.

Boys who attend the assembly are fortunate. The Legion and Auxiliary are doing a worth-while work in sponsoring and encouraging this school.

Endurance Contests

Long distance walkathons, five and six day bicycle races, endurance dances, pole sitting and similar stunts which the contestants carry on to exhaustion, more or less popular in some localities, always draw the curious and thrill-seekers. But they will be illegal in Illinois if a bill introduced in the Illinois house of representatives becomes a law.

The four women members of the house are sponsoring the measure. They are Maud N. Peffers of Aurora; Lottie Holman O'Neill of Downers Grove; Lizzie Barnes of Carmi and Bernice T. Vandervies of Winnetka.

In discussing the bill Mrs. Peffers said she has carried on a personal investigation of such contests in her district and has found that many young persons have wrecked their health by taking part in them to the point of exhaustion.

Dr. S. J. Carter

Dr. S. J. Carter, whose injury and death in an automobile accident shocked the community, was a student of animal nature, as physicians and surgeons are students of human nature. Dr. Carter was a veterinarian—his patients were dumb brutes, but he possessed a keen understanding of their feelings and afflictions.

When a physician passes on, his friends talk of the lives he has saved or prolonged, of the suffering that he has relieved. A veterinarian deserves praise, too, for the skill by which he ministers to patients that cannot speak; that cannot express thanks for the service he renders them.

But Dr. Carter knew animals. They were his patients for more than 30 years. And though the livestock that he worked with may have been unruly and tried to avoid him, he was patient and considerate. He has saved many a valuable horse and cow; the serum he has used among the flocks of Morgan county no doubt meant the saving of many animal lives, and money of their owners.

Dr. Carter was an indefatigable worker at his profession. He made long drives day and night to perform services of which most people know little. Yet he found time to participate in affairs of the community, and to enjoy and strengthen the friendships with which he was generously blessed.

Air Travel Soars

Air travel in the United States has jumped sharply this spring and the gains continue to be reported by major airline companies as the summer months near. One of the typical gains is reported by Transcontinental and Western Air, Inc., which noted a 15 percent increase in April over the previous month, and 13 percent over

the same month a year ago. This airline flew 6,884,715 passenger miles during April, a gain of nearly 1,000,000 miles over April, 1938. Air mail showed a 15 percent gain over last year and air express was up 35 percent. Other air lines might submit figures showing a pickup in business of about the same proportion. Gradually the air lines are winning converts. There are a lot of people who yet have to take their first ride in the air, but there is an increasing number that is becoming used to and boosters for air travel.

SMALL TALK

Good morning. Congratulations to the Illinois College baseball team and to their championship-bringing coach, Alf Lamb. Alf has coached two football teams, two swimming teams, and two baseball teams since he joined the I. C. faculty a year ago last September, and five of these six teams have won conference titles. That, my dear Watson, is anything but elementary—it's nothing short of colossal. The powers that have probably decided by now that there is no use granting an official holiday for each championship. After all, the kids have to receive a little classroom work. Consequently, there was no official holiday yesterday. Unofficial? Well, that's none of our business.

You noticed the little feature article to the effect that the six-foot-five-inch governor of Wyoming has at last found a bed over the end of which his pedal extremities do not dangle. (Where?) It seems the bed is nine feet long and is built for Robert Wadlow, the Alton giant. This business of a comfortable bed for anyone over six feet tall has troubled us a great deal. We look upwards a long way at anyone six feet in height, yet we can't find a bed in which we can comfortably sprawl. Maybe the secret lies in not sprawling—we never thought of that, but we prefer to sprawl in not lying, or is there any sense in that?

We are wiping the perspiration from our fevered brow as we knock this out, and said brow was made no less feverish, nor said perspiration no less perspiring, by the report the local cooperative weather observation bureau just handed in. The mercury rose from 59 this (Monday) morning to 88 this noon. (Drip drip.) Trot out your white clothes. They are supposed to be cooler than dark ones.

All of which reminds us that the swimming season is nearly upon us. Sunday's picture of the class in water safety being conducted by Mr. Lucey was very gratifying. Why? Because of the large number of persons in the class. It is important to have plenty of swimmers who are competent enough to serve as life guards. But, the really important thing is to train everyone who swims at all to swim well enough to handle himself competently and safely. The local Red Cross chapter and the local swimming pool have been cooperating very successfully in this project. Every summer you read long lists of names in the paper—names of people who have passed swimming and life saving tests. There are more good swimmers in the United States now than ever before, many more than there were even ten years ago. But the project of training swimmers is one that can never be completed. Swimming is such wonderful exercise that everyone

should be able to take part in it. And it naturally follows that everyone should swim well—well enough that he is safe in the water. Of course, common sense is even more important in this than strong muscles.

Last night's presentation of Sidney Howard's "The Silver Chord" at MacMurray College marked the end of the college theatrical careers of three exceptionally fine performers. Grace Marquardt and Jean Davison of the MacMurray Players' Guild, and Harry Story of the Illinois College Hilltop Players, took their final bows. The I. C. organization cooperated with MacMurray in the production of the play. These three individuals have shown ability throughout their college experience to take either character or "straight" roles and make them real and sincere. All are well known to Jacksonville play-goers, having appeared in a great many productions during the past four years. Story, as a matter of fact, has played to local audiences for considerably longer than that, being a local resident and a product of the Jacksonville school system. Congratulations to the three of them. Miss Marquardt, Miss Davison, and Mr. Story, for winding up brilliant careers with fine performances. And another orchid to Mrs. Marian Chase Schaeffer for her directing.

We've often wondered if the distinction between so-called "character" and "straight" roles hasn't been somewhat distorted in ordinary conversation. Actually, every role is a "character" role. It does, or should, take just as much study for a 25-year-old man to play a 25-year-old man as it does for the same fellow to play an 85-year-old gentleman. Often, straight roles are more difficult because the shift into character is more subtle. The lines of distinction between your own character and your character in the play are more finely drawn, but must be clearly represented. Hence a part like that, for example, of one of the dreams in "Midsummer Night's Dream," while louder and more showy, is not as difficult as the parts taken by Miss Davison or Mr. Story last night. The further away your "play" character is from your everyday character, the easier it is to lose yourself in your part. Or so it has always appeared to us. Of course, the real actor will reach a certain standard of artistry in every performance, whether it is "straight" or "character." But don't get the idea that the latter is any more difficult to make real and genuine than the former.

See you tomorrow.

Central Illinois Deaths

William Sinclair
Pittsfield—William Sinclair, 51, owner of a gas and electric appliance store in Pittsfield, died at 3:30 p. m. Saturday in St. Mary's hospital in Quincy. Mr. Sinclair suffered serious injuries about a week ago, when he was struck by an automobile. He suffered fractures of the skull, ankle and ribs.

Mr. Sinclair is survived by his children, Donald and Wilma Dean Sinclair of Pittsfield. Short funeral services were held at 9 a. m., Monday at his home and the body was sent to Macon, Mo., his former home, where services were held at 2 p. m., Interment was in Macon cemetery.

Ira Braden
Beardstown—Ira Braden, 78 years old, who resided in Cass county most of his life and who was the father of Elmer A. Braden, 2135 South Sixth street, Springfield, died in his home at 612 West Ninth street, here Saturday morning after a lingering illness. Funeral services were held at 2:30 p. m., Sunday at the Cline Funeral Home, with the Rev. A. E. Cole, pastor of the local Methodist church, in charge. Burial was in the City cemetery.

Mr. Braden was born Oct. 7, 1860, in Morgan county, but was brought to Cass county early in life by his parents. He farmed near here for many years before his retirement because of illness.

He is survived by his wife and son, Elmer, a half-sister, Mrs. Bertha Brassel, of 1121 Oak street, Beardstown, and a half-brother, Charles H. Heath.

REAL ESTATE LEFT BY A. C. FOSTER IN WILL FILED MONDAY

The will of the late Alfred C. Foster was filed for probate Monday morning, providing for distribution of his estate and naming Lottie Singbusch as executrix.

To a son, Orville Foster of Springfield, the testator left his personal effects and real estate at 421 Vandalla road. A cash bequest was made to a daughter, Mabel F. Foster of Alexander. Real estate at 721 Hardin avenue was left to Lottie Singbusch.

Dated June 29, 1938, the will was witnessed by E. E. Henderson, William Cruzan, and Lucille Crum.

LOCAL SWVA OFFICER BACK FROM CHICAGO

Mrs. Lena Francis, president of the local SWVA Auxiliary, has returned from Chicago, where on Friday evening she attended a banquet and reception in the mural room at the Morrison hotel, in honor of the national SWVA Auxiliary president, Mrs. Maude Cole Whitlock, and the department president, Mrs. Josephine O'Brien. Mrs. Francis was accompanied on the trip by Mrs. Lora Campbell of Riverton, and Mrs. Merle Cole and Mrs. Maybelle Colvin, both of Springfield.

MAKE WEEKEND TRIP
Mr. and Mrs. Herman Freitag, Mr. and Mrs. Wilbur Freitag, Mrs. John Mann and daughter, Miss Nellie Mann, spent the week-end visiting in Dwight and Chicago.

Dr. S. J. Carter Dies From Wreck Injuries; Coroner Has Inquest

Dr. Sylvester Joy Carter, for 32 years a practicing veterinarian in this city and standing high in the fraternal and civic life of the community, died at 1:17 o'clock Sunday afternoon at Passavant hospital, as the result of injuries he received last Thursday when his car collided with a truck at Orleans. Coroner E. O. Sample held an inquest at 8 o'clock Sunday night at the Gillham funeral home.

After hearing testimony of Raymond Brown, driver of the truck, Mrs. Brown, Harold Wagner and Roscoe Mayberry, and a deposition from Dr. Reginald Norris, the jury reached a verdict that Dr. Carter came to his death from shock, crushing injuries to the chest and numerous cuts and bruises, sustained when his car collided with a truck driven by Raymond Brown, just east of the elevator at Orleans.

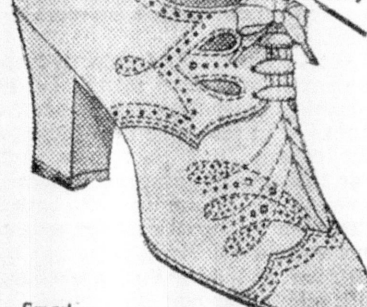

Truck Driver Testifies
Mr. and Mrs. Brown, who were riding in the truck gave testimony which agreed in detail. Brown stated that he was traveling east with a 1934 Chevrolet truck, loaded with coal. He saw Dr. Carter's car round the curve coming from the east. He saw the oncoming car cross the black line at an angle. He thought the car would return to its own side of the road, but it did not. Brown swerved his truck to avoid the crash, and said he had two wheels off the slab when the collision came. The left side of his truck was damaged.

Carter's car was wrecked and caught fire. Roscoe Mayberry, who lives about half a quarter of a mile from the scene of the accident, testified that he heard the crash and went to aid the victim. He helped take Dr. Carter from the wrecked machine.

Harold Wagner, who was painting at the elevator nearby, said he also heard the crash and went at once to the scene. He helped extinguish the fire. Dr. Carter was placed in an ambulance and rushed to the hospital.

Says Persecution Of Jews Challenge To Free Countries

Rabbi Isserman of St. Louis Tells German Situation; Dr. McClelland Speaks

The vital significance to the cherished institutions of American democracy of the current religious persecutions in Nazi Germany was emphasized in addresses at a special mass meeting at the Jacksonville high school auditorium Sunday evening.

Addresses were presented by the noted religious leader, Rabbi Ferdinand Isserman of St. Louis, and Dr. Clarence P. McClelland, president of MacMurray college.

Dr. Isserman, in the inspiring manner which established him as one of the outstanding orators of the country, discussed the vital issues of the Christian-Jewish persecutions by the Hitler regime. Tracing the founding and development of the Christian religion in ancient Jewish lands, the speaker declared that "when you persecute Jews you are attacking and destroying Christianity."

"Christianity stands with its back to the wall, because of the fact that the persecutions are essentially an attack on Christianity," Dr. Isserman asserted.

"The Jews of Germany are not bad people, but they are being persecuted. Jesus Christ, Abraham Lincoln, the

Pilgrims, the Quakers, and the Protestants in England and France were not bad people, but they were persecuted."

Many Persecutions

"How many Jews were sentenced to death on May 10, how many were shot on the borders, and how many have been forced, against their religion to commit suicide as a result of these persecutions?" the speaker asked, answering ominously, "No one knows."

"They are worse off than rats in a trap, for their death is quick and painless," he said. "Imagine if every one in Jacksonville were told to leave the city, without money, without property, without references, without any place to go! And when outside they found themselves surrounded by a grim wall of steel."

"With no place to go, they sit, they wait, and they pray. Where can these refugees go?" he asked, "and there are more needy Christian refugees and Jews." They are shut out of most countries in Europe, he pointed out.

"All they want is the right to breathe and eat, and the right to peace, and the right to die when their God calls."

Dr. Isserman said that the charges in Germany today against the Jews are for everything wrong or undesirable. It is asserted there that everything the Jews have touched has served to degenerate civilization. However, the speaker said, when you attack the Jews as a race, you attack Christianity. For the authors of the Bible and the greatest character of all time, Jesus Christ, were all Jewish.

Blamed For Everything

"If," he said, "the Jews are degenerate, then love, mercy, and belief in God are degenerate." The speaker quoted from a German leader who said, "Everything bad in Germany was made by Jews, including the Bible."

The presence of anti-Semitic organizations in the United States make apparent the attempts to overthrow the institutions of this country, the speaker said. However, he said, "What has happened in Germany, Russia,

Italy, and Japan need not happen here. The traditions of America make it different. Though the anti-Semite would destroy democracy and burn the constitution, instead of destroying the Jews, the tradition of freedom and liberty will save America."

Dr. Isserman pointed to the last stanza of America as "the character, legacy, and tradition of America." He said that there is no better way of showing appreciation for the country's rights "than to go to the bearers of the cross, and lift a little bit of that cross from their shoulders."

"For," he said, "that is the brotherhood of man, that is the fatherhood of God."

Anxious for Truth

However, the Germans are anxious for the truth and avail themselves of every opportunity to read about Germany and Hitler in foreign papers.

The speaker was introduced by Dr. McClelland following a program of choral music and addresses. Rev. Morgan Williams, chairman of the Jacksonville refugee committee which is planning to aid two German students next fall here, one each in Illinois College and MacMurray, presided over the meeting. A near capacity audience attended.

The local committee is composed of Rev. Williams, Mrs. Herman Cohen, Roy Welch, Mrs. W. A. Fay and Miss Mary Postlewait. The group, assisted by numerous other townspeople, has been working on the problem since January.

Robert Vervard of Chicago, executive secretary of the Mid-West Committee for Christian German Refugees, gave a short address at the close of the meeting, concerning his work with the problems of the stranded Germans who desire sanctuary.

At the opening of the program Dr. H. Gary Hudson, president of Illinois College, gave a prayer, followed by a choral selection of the Men's Glee Club of Illinois College, directed by Prof. Joseph Clelland. Miss Juanita Russell of MacMurray College was at the piano.

Choruses on Program

The program was opened by group singing of "America" led by Prof. Joseph Clelland and accompanied by Mrs. Ralph Hutchinson. Following the address by Dr. McClelland, the MacMurray College Choir, directed by Miss Anne Bonansinga, presented a short concert. Miss Peggy Sullivan was the pianist.

At the close of the program Dr. M. L. Pontius delivered the prayer and

"Kiss of Death Woman" Held

benediction.

In the opening address, Dr. McClelland said that the "best of civilization today is rooted in the ancient Greeks and Hebrews. One of the best is the distinction between spiritual and physical needs and values, and the supremacy of the human spirit."

As demonstrated in the Bible characters, justice is not enough. Mercy is necessary. These great principles were embodied in the person of Jesus Christ, a Hebrew, who, the speaker said, was the greatest prophet and teacher and who left behind a "heritage of liberation of the human spirit—the brotherhood of man, and the fatherhood of God."

Dr. McClelland, referring to the German situation, said, "When one individual is confined, enslaved, and persecuted, all mankind is effected. Every person on earth is important to his God."

"We in America have a government which guarantees human spirit, freedom to speak, worship, and think. We should highly resolve that this freedom shall never be taken away from us."

However, he pointed out that "there has been a complete reversal in Germany and Italy. Human spirit is not free there. All people there are crushed in spirit and enslaved. We must do what we can to bring relief and comfort to these poor, oppressed refugees."

COME! EVERYBODY!

Learn how to get velvety cakes, flaky pastry, crispy fried foods

COME to FREE Cooking School...time and place above. Learn about the Spry way of cooking and the wonderful results it gives...light, delicate cakes...tender, flaky pastry...crisp, tasty fried foods that are so digestible a child can eat them.

And you'll love using Spry. It's so pure, so smooth and creamy. Fries without smoke or unpleasant odor. Stays fresh on the kitchen shelf. Try Spry.

In 3-lb. and 1-lb. cans. Also in the big 6-lb. family size.

Spry

The new, purer ALL-vegetable shortening

TRIPLE-CREAMED!

PRIMROSE CHOCOLATE CAKE

1/2 cup Spry

1/2 cup salt

1/2 cup sugar

2 eggs, unbeaten

3 ounces chocolate, melted

2 teaspoons baking powder

1/2 teaspoon soda

2 cups sifted flour

1 cup milk

Combine Spry, salt and vanilla. Add sugar gradually and cream until light and fluffy. So quick and easy with triple-cream Spry! Add rest, one at a time, beating thoroughly after each addition. Notice what a smooth, fluffy batter you get. No wonder Spry cakes are so light and fine-grained! Add melted chocolate and blend well. Add baking powder and soda to flour and mix. Add small amounts of flour to creamed mixture, alternately with milk, mixing after each addition until smooth. Pour batter into two 8-inch layer pans greased with Spry. Bake in moderate oven (350° F.) 30 to 35 minutes. But remember, use Spry to be sure of best results.

Spread Primrose Cream (see recipe) between layers and on top and sides of cake. Sprinkle with grated chocolate as shown in picture.

PRIMROSE CREAM ICING

2 tablespoons Spry

1/2 cup butter

1/2 cup salt

1/2 cup sugar

2 eggs, unbeaten

3 cups sifted confectioners' sugar

1 egg yolk

2 tablespoons orange juice (about)

2 tablespoons sealed cream (about)

Combine Spry, butter, salt and vanilla. Spry makes your frosting smooth and creamy—keeps it fresh and moist. Add 1/2 cup sugar gradually, creaming until light and fluffy. Add egg yolk and blend. Add remaining sugar, alternately with orange juice, beating until smooth. Add hot cream and beat well. Add just enough cream to make a nice spreading consistency. Makes enough frosting for tops and sides of two 8-inch layers.

(All measurements in these recipes are level)

(Clip and save this Spry recipe)

Orleans Woman's Country Club Meets With Mrs. Cox

Mrs. Lillian Cox entertained the members of the Orleans Woman's Country club recently for Miss Florence Cox, who was the hostess, for the May meeting of the group.

The program was opened by the president, Mrs. Dorothy Negus, followed by the Lord's Prayer in unison. During the business session Mrs. Roy Davenport gave an interesting report of the federation convention. At the time the president appointed the following committee to arrange for the

D.A.R. Tablet Committee To Meet With Miss Trabue

The Tablet committee of the Rev. James Caldwell Chapter D.A.R. will meet on Friday evening at 7:30 o'clock with Miss Ellie Trabue, 1605 Mound avenue. Mrs. Carl E. Black is chairman of the committee.

YOU CAN TRY COOLERATOR 10 DAYS FREE!

I'M BIG... ROOMY... AIR CONDITIONED!

I COST AS MUCH AS \$100 LESS

I KEEP FOODS FRESHER... YOU CAN HAVE ICE CUBES IN 5 MINUTES

SAVING AS MUCH AS \$100 isn't easy... unless you're buying a refrigerator. Then it's a cinch, if you'll try a Coolerator in your home 10 DAYS FREE. You'll discover this big, roomy refrigerator gives you everything you want. It's air conditioned—keeps foods fresher, because it prevents rapid drying out. Washes, cools, humidifies and circulates all the air that touches your food. You can have ice cubes clear and taste free—in 5 minutes. By using ice in a new way—one filling lasts ordinarily from 4 to 7 days. With all these advantages, the price is as much as \$100 lower. Call or phone for free copy of "1469 Women Confess Their Biggest Mistake."

Nationally known home economist will tell you why ICE is the best, most economical and the safest refrigeration today.

HOMOGENIZED

MILK

Recommended By Cooking School Expert For Greater Health and Energy!

1. Is easier to digest for babies, children, and adults because the fat globules are smaller and curd softer.

2. Has a rich flavor for drinking, without reducing its cream content or food value.

3. Makes finer flavored foods.

4. Cream does not rise in baby's bottle, nor clog up nipple.

5. Makes finer flavored cocoas, chocolates, ovals and malted milks.

6. Does not need cream and butter added when cooking or baking.

7. Has an even quality throughout bottle.

8. Makes unusually fine custards.

9. Cream does not adhere to cap or neck of bottle.

10. Makes fine flavored soups and gravy.

11. Do not look for the cream to rise as it is uniform from top to bottom, the last glass contains as much fat as the first and requires no mixing, making it ideal for drinking, cooking and for restaurants, hotels, etc., saves shaking.

If you are interested in this new pasteurized milk, call us and let our salesman call. He will see that you have an opportunity to judge for yourself at no extra cost. Homogenized Pasteurized Milk costs no more than ordinary milk.

English Sun Shines And Charlie Yates Wins First Match

The Georgian Begins His Defense of British Amateur Title

Hoylake, Eng., May 22.—(P)—An old dollar putter and a little Georgia sunshine lifted defending champion Charlie Yates into the second round of the British amateur golf championship today and finally broke a slump that threatened to send him back to Atlanta post haste.

The champion had fog in his bones

DANCE TO VINCE LONG'S ORCHESTRA
Every Wednesday & Saturday Night
And SUNDAY AFTERNOON
And SUNDAY NIGHT
CRAIN'S TAVERN
WOODSON, ILL.
Phone 2612.

for a week. Bundled to the eyebrows on the course during practice and huddled before a miserable little fire in his hotel the rest of the time, he had not been the boy who rushed through the field at Troon last year and endeared himself to British golf fans.

But today that Georgia-like sun limbered him up and on the fifth green the old dollar putter did the rest. As the result he polished off Bruce Thompson, local blond bond salesman 5 and 4.

Dick Chapman, Greenwich, Conn. socialite, and only other of the five Americans entered to see action today, joined the titleholder in the second round with a display of fine golf that turned back John Cowley of Rotherham, 4 and 3.

"Scrambled" Start

For five holes Yates scrambled. He hit a spoon shot into the sand trap at the first, but managed to win the hole when Thompson took a six. He hit his drive into the sand at the second and flubbed his approach. Though he got away with that, he lost his hole lead at the third when again his drive went into the sand and again he muffed his approach.

All that and another poor chip to the fifth left him with a 15-foot putt to keep from going one down and it was here that the old dollar putter helped the champion out. Charlie looked that 15-footer over for an uncommonly long time and then tapped it in.

Two holes later, another 18-footer, vanished for a deuce and then "Happy

Charlie" began to joke with the gallery again. One up at the turn, he hit a screaming full brassie into the heart of the tenth green, did the same thing at the twelfth and then, fully confident at last, took the next two for the match.

Yates has a tough match tomorrow against burly Donald Cameron, wealthy Scottish internationalist who hits the ball a mile and is capable of great golf. Chapman's second round opponent will be M. W. Budd, of whom little is known.

Ned Phillips of Philadelphia also swings into action against J. S. P. Morrison. The other two Americans, "Trailer" Bill Holt and Ellsworth Vines will not play until Wednesday.

Cincinnati Downs Brooklyn, 6 to 3

Cincinnati, May 22.—(P)—The rampant Reds hit "in the clutches" today and won their seventh straight game by a 6 to 3 margin over the Brooklyn Dodgers.

Lefty Lee Grissom blanked the Brooklyn for six innings, but weakened in the ninth and Gene Thompson finished up after the Dodgers had scored two runs in the closing frame. It was Grissom's third win of the season.

By innings: R H E
Brooklyn 000 000 102-3 8 0
Cincinnati 200 001 128-6 8 1
Batteries: Hamlin, Evans and Todd; Grissom, Thompson and Lombardi.

Morton Cooper Wins For Redbirds; Fette Is Victor For The Bees

St. Louis, May 22.—(P)—Morton Cooper, young St. Louis Cardinal right hander, held the Philadelphia Phillies to four hits, three of them doubles by Hershel Martin, to turn in a 2 to 1 victory today and maintain the Redbirds' slim lead over Cincinnati in the National league race.

Except for the Philadelphia center fielder's extra-base blows, only Al Hollingsworth, Doc Prothro's hurler, was able to hit Cooper.

Cooper, however, got in hot water in the ninth inning, walking Leland Scott and allowing H. Martin his third double to start off the inning. Manager Ray Blades then called on Curt Davis to finish, and he retired the next three men in order. Scott scored when Morris Aronovich was thrown out at first.

Hollingsworth allowed but five hits, including doubles by Jimmy Brown and Joe Medwick.

Box Score:

Browns Win Over Athletics, 6 to 3

Philadelphia, May 22.—(P)—The Athletics' four-game winning streak was cracked today by the home-run bats of Mel Mazera and Harold Clift, the St. Louis Browns winning 6 to 3. Mazera's clout over the right field wall in the fourth inning shattered a 2-2 tie. With two down in the fifth and one on, Clift for the second time in as many days blasted a roundtripper into the left field stands to score the winning runs.

Vernon Kennedy, big righthander recently acquired from Detroit, got off to a bad start when Bob Johnson tripped home two runs in the first inning. Thereafter, with the exception of Bill Nagel's homer in the eighth, Kennedy was master of the situation.

James C. Isaminger, veteran Philadelphia (Inquirer) baseball writer, was injured when a thrown ball struck him in the left eye while seated in the Browns' dugout before the game.

By innings: R H E
St. Louis 101 120 010-6 13 1
Philadelphia 200 000 010-3 9 1
Batteries: Kennedy and Sullivan; Chester, Phippen, Potter and Bucks.

Revamped Giants Trim Pirates, 9-2

Pittsburgh, May 22.—(P)—The New York Giants, using a sharply revamped lineup, rallied behind Prince Hal Schumacher's best pitching of the year today to trounce the Pirates 9 to 2 and end their two-game losing run.

Disappointed at the Giants' recent record of winning only four games in 12 starts before today, Bill Terry benched catcher Harry Danning, in favor of Ken O'Dea, and put Johnny McCarthy on first base in place of Zeke Bonura, in order to get more "hustle" out of the team.

Schumacher went the route for the first time in six starts, allowing only six hits, four of them by "Jeep" Handley.

New York 100 400 202-9 12 0
Pittsburgh 000 000 011-2 6 4
Batteries: Schumacher and O'Dea; Tobin, M. Brown, Clemensen and Berres, Mueller.

JOHN HENRY LEWIS IS BACK FROM ENGLAND
New York, May 22.—(P)—John Henry Lewis, who was refused permission to fight in England because of defective eyesight, returned on the Queen Mary today, bitter at the British board's decision.

"I think it was due to agitation from the United States," said the veteran light-heavyweight. "No boxer has perfect eyesight. Mine is good enough for the ring."

Lewis was to have fought Len Harvey, British light-heavyweight champion, in London.

Iowa Big Favorite In Drive for Big Ten Championship

Chicago, May 22.—(P)—Neither Lou Fette nor Bill Lee, the starting pitchers, finished the game today but the Boston Bees managed to defeat Chicago's Cubs 5 to 3 despite Hank Leibler's fifth home run of the season. The Boston triumph evened the series at one game apiece.

Fette was taken out after allowing six hits in five innings and Left Erickson finished the game, allowing only three more Cub hits. Lee was taken out for a pinch hitter in the eighth after he had given up nine hits.

Buddy Hassett paced the Bee attack with two singles and a double. He scored one run and drove in two others. Steve Mesner, subbing for the Cubs' injured Dick Bartell, got a double and two singles.

City Water, Light Department Moves Into New Offices

Remodeled Building West of Main City Hall Used as General Offices

The combined city water and light department is now in its new offices in the newly remodeled building just west of the city hall, the removal of equipment having taken place during the week end. All patrons of the combined department will now be served from the new offices.

The old city light plant building was worked over to accommodate the water and light department. Extensive interior improvements were made, one large general office and several smaller ones being constructed.

Walls and ceiling are white, and the floor is constructed of asphalt tile. Parts of the floor were laid on a foundation of concrete seven feet in depth, this having been laid when the building housed heavy machinery in the old light plant.

Visitors on entering the new offices will see the large room where general business of the merged department is transacted. To the east are several smaller rooms including offices of L. B. Turner, superintendent of water dis-

tribution, and James V. Kennedy, superintendent of electric distribution. Other small rooms provide space for an addressograph machine, storage of stock and equipment.

The room in the city hall vacated by the department was vacant Monday, but will be put to use in the near future. It is understood the police department may occupy the room as part of its quarters.

DRIVES BURNING CAR TO FIRE DEPARTMENT

When Dan Fortado's Buick automobile caught fire Sunday afternoon about 5:45 o'clock, he didn't bother to call the fire department—he drove the car to the firemen.

The cushions of the rear seat were on fire, but the blaze was promptly extinguished with a hand pump. The damage to the car was not extensive.

RETURN FROM IOWA

Miss Genevieve Spires of this city has returned from a vacation visit during the past week in Bloomfield, Iowa. She was accompanied by Mr. and Mrs. George W. Spires and son, Alpheus, who also returned Sunday evening.

SPEAKS ON GARDENING
Mrs. Courtney Grouch Wright of this city spoke upon "Continuous Bloom in the Perennial Garden," at the state convention of the Central Division of the Illinois Garden Clubs, in cooperation with the Springfield Civic club. The luncheon was held in the sun parlor of the Leland hotel, with a large attendance from all parts of the state.

At the close of the program Miss Knudson conducted a tour of the Lincoln memorial gardens, located at Lake Springfield.

White Hall Junior And Senior Prom Held at Gymnasium

Hawaiian Theme Featured in Decorations; Menu Served by Church

White Hall, May 22—The Junior-Senior banquet and prom of the White Hall high school was given Friday night in the high school gymnasium with the menu prepared by the members of the Good Will class of the Methodist church and served by sophomore girls. The decorations represented a Hawaiian scene and were very pretty and elaborate.

The senior class roll includes James

Anderson, Albert Barnett, Everett Barnett, Jack Bishop, Don Boirum, Edward Boyd, Robert Dawson, Floyd Dean, Davis Giller, Kenneth Gregory, Charles Hayes, Lowell Hubbard, Bernard Lawson, Bruce Liming, Billy McCarthy, Albert McClay, Dele McConathy, Jack Miller, Hiram Monroe, Keith Muntz, Allan Nash, Jack Todd, Kenneth Vossler, Delbert Walls, Charles Welch, Clifford Wyatt, Lyn del Price, Frances Steckel, Sybil Tankersley, Geraldine Thompson, Margaret Vinyard, Elva Dean Walker, Marjory Watt, Marcella Harmon, Catherine Anderson, Jean Barnett, Madelon Barrow, Mamie Costello, Genevieve Cox, Juanita Dawdy, Phyllis DeShazier, Carolyn Evans, Louise Farber, Maxine Hazelwood, Marjory Dell Helton, Ruth Hicks, Dorothy Hudson, Marie Hudson, Frances Kelly, Verna Kinner, Marjella Kirgan, Jane Lyman, Jo Ann Lyman, June Mc Clennan, Mary Frances Moles, Kathleen Morrow, Maxine Muntz, Anita Nichols, Neva Norris, Barbara Penn, Marie Pinkerton, Lois Price, Evelyn Schultz, Laura Schultz, Hazel Scroggins, June Snyder, Helen Spangenberg, Virginia Spangenberg, Alice Wright, and Velma Hamilton.

The Junior class roll includes Dorothy Bishop, Marjorie Christison, Martha Cox, Lyndel Ray Dugger, Frances Ellsworth, Lois Fenity, Ruth Hitch, Iona Kirchner, Almeda Kirgan, Roy Kuhlmeier, Maxine Kistler, Myrtle Miller, John Neese, Jack Pratt, Marjorie Price, Lloyd Pinkerton, Doris Ridings, Eugene Ross, Raymond Rhodes, Howard Snyder, James Stewartwood, Paul Steckel, Leslie Stephenson, Charles Thaxton, Anna Anderson, Margaret Allen, Virginia Crossman, Ralph Daniels, Jack Drew, Howard Ewart, Jean Fullerton, Constance Glover, Mary Hudson, George E. Hicks, Jesse Hubbard, Ronald Lansaw, Truman Phillips, Dean Pilkington, Glenn Thompson, Willard Thiebaud, Eva Taylor, Eleanor Rochester, Betty Roodhouse, Martha Shackelford, Richard Simmons, Eloise Walton.

The school calendar for the remainder of the term includes: all high school party, May 22; examinations May 25 and 26; baccalaureate, May 28; Parent-teacher association party May 29; class night, May 30; commencement May 31; and grade school commencement May 31 at 2:30 p. m.

Caswell Funeral Is Held Sunday

Services Are Conducted at Ashland Baptist Church; Other News Notes

Ashland, May 22—Funeral services for Walter Lee Caswell, 45, were held Sunday, at 2:30 p. m. at the Ashland Baptist church, with Rev. Charles L. Coleman officiating. Interment was made in the Ashland cemetery. Casket-bearers were Omer Pearn, Roy Savage, Harry J. Lohman, Carl W. Yancy, Selbert Quinley, and R. C. Douglas.

Deceased passed away Thursday, at 2:40 a. m., at State Hospital, at Jacksonville, death resulting from being struck on the head by another patient. Mr. Caswell entered the hospital, May 4; he had been in ill health for about six months.

Mr. Caswell was a lifelong resident of this community. He was born Sept. 16, 1893, the son of John and Jane Aggett Caswell. He was united in marriage to Miss Louise Rathoff, who survives, together with two daughters, Mary Jane and Hattie Beth. His mother, Mrs. Jane Caswell, and one brother, Thomas Caswell, both of Ashland, also survive. One brother, Rainey, died several years ago, and one sister died in infancy.

He was a member of the Ashland Baptist church and the local post of Modern Woodmen of America. He has served as janitor of the grade school for the past six years.

News Notes

The Martha Class of the Ashland Methodist church met Thursday afternoon at the home of Mrs. Walter

EMINENT

WORLD LEADERS have, by their patronage, established The Drake as an address of distinction. Here refined luxury, thoughtful service, and choice location delight the discriminating.

A. S. Kirby, Managing Director

The Drake

Lake Shore Drive CHICAGO

Sever, who was assisted by Mrs. James Stiltz, Mrs. Arthur Carl, Misses Lois Wyatt and Julia Hewitt. Rev. C. L. Coleman led the devotional study period; Mrs. Walter Adkins gave a beautiful reading of Henry Van Dyck's "The Light House," and group singing of favorite hymns completed the program. A social hour followed and refreshments were served.

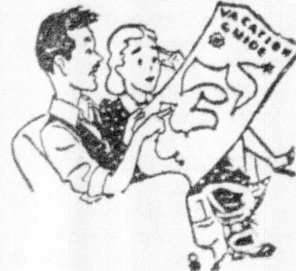

W. C. T. U. TO MEET

The W. C. T. U. will hold its regular meeting at the Brooklyn Methodist church, Tuesday afternoon at 2:30 o'clock.

Miss Barbara Cooper will lead the devotions and Mrs. W. H. Cocking will have charge of the program.

Geo. Lewis, Former Morgan County Man, Passes Away Sunday

Former Head of County Home Passes Away in Iowa; Funeral Monday

George S. Lewis died at his home in Iowa, Des Moines, early Sunday morning. Mr. Lewis was a former resident of Jacksonville and was superintendent of the Morgan County Home until 1913 when he moved to Des Moines.

He was a member of the Central Christian church, the Knights of Pythias and was prominently identified with the Democratic party, having served on the Democratic Central

committee for Polk county for many years.

Mr. Lewis operated the Ray hotel at Meredosia before coming to Jacksonville.

Mr. Lewis was born at the Lewis homestead east of Merritt in 1864, the son of Samuel and Louisa Chrisman Lewis. February 6, 1889 he married Mary Sutton Hamilton, the daughter of James Owen and Margaret Buckingham Hamilton.

To this union was born two children, Bert O. Lewis and Lora (Mrs. James E. Kimmel). His wife, son and daughter survive him. Also a granddaughter, Marilyn Kimmel, a sister, Mrs. Leslie Hill, Virden, one brother David Lewis, Normal, Ill.; one nephew Leslie Lewis and two nieces, Mrs. LeRoy Craig and Mrs. Ed Kendall, Bluffs. Mr. and Mrs. Lewis celebrated their golden wedding anniversary this year, February 6.

Funeral services will be held Tuesday at 2:30 o'clock in Des Moines, Iowa. Those expected to attend from this city are Leslie Lewis, Mr. and Mrs. LeRoy Craig, Mr. and Mrs. E. G. Caldwell, Mrs. Marion H. Hall, Mrs. Beatrice Fife, John B. Hamilton, Harry A. Hamilton, Charles K. Hamilton, Frank Caldwell.

Three Sentenced to Farm for Vagrancy

Local Men Held in Jail, Which Was Empty 48 Hours Last Week

Homer Stone, Harvey Lacey and Oscar Decker, arrested by city police, were arraigned in the court of Justice C. S. Smith Monday morning on charges of vagrancy. All three pleaded guilty and were sentenced to the state penal farm at Vandalia for sixty days each.

The three were taken to the county jail, and will probably be taken to the farm Tuesday. They brought the number of prisoners in the jail to four. Saturday a prisoner, Nellie Bube, was received on a thirty-day sentence for vagrancy. For some 48 hours previous to her arrival, the county jail had been empty, the longest period in weeks the bastille had been without guests.

Local Women Attend Springfield Event

State Officers of B. and P. Club are Guests During May Breakfast

State officers of the Business and Professional Women's Federation of clubs from Jacksonville attended the annual May breakfast of the Springfield B. and P. club held Sunday at the Washington Park pavilion.

Those present from this city were Mrs. Alice W. Applebee, state president; Miss Mary Postlewait, state corresponding secretary; Miss Lorine Deweese, Dr. Mary Louise Newman, Miss Carrie Ratachak and Miss Elizabeth Newman.

Officers for the coming year were installed by the immediate past president of the Springfield club, Miss Fern Haigh. Dr. Camille Baldwin was re-elected president. Other features of the program were, a talk upon the High Lights of the State Convention by Mrs. Irma Templeman and music by the Springfield club chorus.

At the close of the program all newly elected state officers held an officers meeting for general discussion of departmental work.

DISPLAY OF WALLY'S NECKLACE

The necklace in replica worn by the former Mrs. Wallis Simpson, American bride to Edward, Duke of Windsor, abdicated king of England, is on display in the show windows of the Mace's Cut Rate Drug Store.

The original necklace caused a furor in British diplomatic and society circles when in the House of Commons, Premier Stanley Baldwin declared that the abdicated Edward was not in his legal rights by bestowing this valuable string of diamonds on his fiancée, as the necklace is part of the Royal Crown Jewels and property of the British Empire.

However, the Duke of Windsor remained silent regarding the controversy as to the legal ownership of the necklace, and according to news accounts the vivacious Wally is still adorned with the glittering necklace at the European functions she attends.

Along with the necklace on exhibition are other stones that have made history in the wars, loves and intrigues of Europe, Asia and Africa.

BIRTH RECORDS

Mr. and Mrs. Gordon Lemme of Winchester are the parents of a son, weighing eight pounds, six ounces, born at Our Saviour's hospital May 21. Mrs. Lemme before her marriage was Miss Virginia Quintal.

Born at Our Saviour's hospital May 22 to Mr. and Mrs. Slater Hanks, a daughter, weight, six pounds, five ounces.

Mrs. William Hayes Has 74th Birthday

Honored by 50 Relatives at Basket Dinner Sunday Near Winchester

Mrs. Wm. Hayes of near Winchester was very delightfully surprised Sunday by fifty relatives, friends and neighbors in honor of her 74th birthday anniversary. A basket dinner was served at noon.

Those present were Mr. and Mrs. Floyd Suiter, Mr. and Mrs. Clarence Hoots and daughter, Margaret, Mr. and Mrs. George Lawson and son, Kenneth, Mrs. Mayne Lawson, Mrs. Rose Pointer, daughter, Frances, and son, Bobby, Mr. and Mrs. Joe Fletcher, Mr. and Mrs. Elmer Hayes and family, Mr. and Mrs. Craig and daughter, Mr. and Mrs. Robert Hayes and sons, Walter, Lloyd, Otis and Clarence, Mr. and Mrs. Porter West, Ray Pirley, Mrs. Newt Tribble and daughter, Bertha and son, Floyd, Mr. and Mrs. Herman Six and family, Al Campbell, Mr. Massey, Mr. and Mrs. Harold Hayes and Mrs. Wm. Hayes.

HOLD FAMILY REUNION AT MOORE RESIDENCE

A family reunion was held at the home of Mrs. Rena Moore Sunday in honor of Mrs. Moore's 84th birthday anniversary. A pot luck dinner was served at 12 o'clock.

Those present were Mrs. Caroline Hatfield and husband of Naples; Mrs. Eva Elvridge and husband, St. Louis; Byron Moore and wife of Quincy; Mrs. Minnie Barnette of Springfield; Everett Moore and wife of Granite City; Mrs. Cecil Bagby of Detroit, Mich.; Dale Moore and wife of Springfield; Mrs. Lorene Brooker of Chicago; Mrs. Lucile Baraman of Davenport; Robert Moore of Granite City; Marjorie Rose Bagby of Detroit, Mich. Mr. and Mrs. Don Uppenhause were also guests.

A. C. FOSTER FUNERAL SUNDAY AFTERNOON

Funeral services for A. C. Foster, local resident, were held Sunday afternoon at 2:30 at the Blandinsville Christian church in charge of Rev. D. C. Byus of Rushville, assisted by Rev. French.

Those caring for the flowers were Mrs. Lloyd Flinn, Lucy Robinson, Lucile Wilson and Ruth Lockett.

Interment took place in Blandinsville South cemetery with the following serving as casket bearers: George and Ralph Robinson, Lowell Wilson, Levi, Henry and Willis Foster.

Telephone Exhibit In Theater Lobby Shows Development

Local Phone History Told in Display: Diaphragm to Dial in Relics

A graphic history of the development of telephone service in Jacksonville and of the industry itself is told in a display of telephone equipment in the lobby of the Fox-Illinois theater. The exhibit was arranged by Sam Coghagen by courtesy of the Illinois Telephone company to help advertise the picture, "Alexander Graham Bell."

The exhibit has as one of its main features a telephone which was installed in the Barr Oyster House here in 1885. It is a magneto type phone and remained in use until battery telephones were put in evidence in 1902.

Another curiosity in the exhibit is a switchboard in use at Bloomfield, Scott county, in 1901. Only three calls at a time could be handled over this circular affair, used to serve only a small number of rural subscribers.

A Jacksonville telephone directory of 1894 is on display. It has all the local subscribers' names printed on a large sheet, with phone numbers preceding the names, and the business of each following the name. It is noted that some of the numbers now in use were then held by the same subscribers. For example, the office number for Dr. Carl E. Black was 85, just as it is now. No. 3 was the "Insane Hospital," as it is still the main number at the Jacksonville State Hospital.

Modern telephone equipment is also displayed, including a dial telephone, not yet in use here, but probably the next step in local phone improvement. One of the first monophones used in the city and several later instruments of the same type in colors to match other home furnishings, are exhibited.

Those viewing the exhibit are attracted by something that looks like a Christmas tree. That is a 450-pair cable, "unraveled" to show its construction. It would be a mathematical feat to estimate the number of conversations that can be carried on through these 900 wires simultaneously. The experts have it figured out, however, as it is possible to so connect the wires that one will carry messages on inside and outside circuits at the same time.

The various items in the exhibit have been neatly labeled so that anybody can obtain a fair knowledge of development of telephones from the earliest crude service in which the party called was summoned to answer

the phone by rapping on a sound diaphragm to the latest instruments devised by telephone engineers.

MODERN HOUSEWIFE A VERY LUCKY LADY

According to statistics compiled by several outstanding utilities, the American housewife of today has many more leisure hours at her command if she possesses a new gas range, says Mr. Crabtree, Division Manager of the Illinois Iowa Power Company.

This is due to the rapid stride forward made in the last 3 years by the Gas Industry.

Today the Gas Range is far more attractive in appearance. This attainment of beauty has not meant a sacrifice in convenience. Nor has the fact been overlooked that the main purpose of a Gas Range is to cook.

In fact, on the other hand the "functionalized" design of these smart new 1939 ranges has placed everything at Mrs. Housewife's fingertips, making meal preparations simpler, faster, and far more certain of success.

A host of impressive features has been developed. Broilers are over twice as swift in operation as formerly and are much easier to keep clean. One model features a broiler of extra capacity which makes possible the broiling of extra thick cuts of meats and whole fowls. Broilers in many models are placed at handy-high level.

Top burners are far superior in speed and efficiency to those of even three years ago. Many have the "summer" feature which makes possible new methods of cooking such as "waterless" cooking without the need of special equipment.

Ovens in this year's gas ranges are large and roomy, having removable porcelain enameled linings that always remain sweet and clean. New special oven burners maintain temperatures as low as 250°F thus making possible oven canning and the slow roasting of meats. These new ovens are "speed" ovens, too, whenever the occasion requires.

NINE FROM COUNTY ARE SEEKING PAROLE

Nine persons from Morgan county will have applications for parole reviewed at sittings of the state board of pardons and paroles during June and July according to a list announced recently.

They are Douglas Norton, Lloyd Kinney, Cecil Witter, Doc Berry, James T. Trawn, Everett L. Wilson, Frank Crawford, Robert P. Nunes and Gertrude Bolton.

Delegates Return From Conventions

U. C. T. Council Hears Reports Monday on Galesburg Program

Several Jacksonville residents returned during the week-end from Galesburg where they attended the forty-third grand council meeting of the United Commercial Travelers. They included Mr. and Mrs. A. Harris, Mr. and Mrs. J. O. Cain, and Mrs. L. F. O'Donnell, Leslie Jackson and Leroy Craig.

At a meeting of the Jacksonville council last night a report of the delegates was given. Refreshments were served after the business meeting. John D. Wilson of Galesburg, grand councilor, presided over the st. meetings and was given recognition for helping to obtain an increase membership. The supreme council Columbus, O., was represented by J. Da's, past supreme councilor and editor of The Sample Case, who visited this city on several occasions.

A. E. Harris of Jacksonville, who honored and presented with a gold mounted fountain pen for his work behalf of the organization during the year. One hundred twenty-six applications for membership were presented to the incoming officers. Women attending the conventions were entertained at Knox college where they were taken for a tour of Galesburg. They were entertained at several bridge parties and teas.

REPORT EIGHT CASES OF DISEASE IN CITY

Eight cases of communicable disease were reported in this city for the week ending Monday. The city health department announced that there were four cases of mumps, two pneumonia and one case each of diphtheria and scarlet fever reported.

NOTICE

To the voters of Road District No. 7. The District has WPA project approved to furnish a large amount of gravel and labor to complete and surface roads in district. petition has been filed with the district clerk to call special election for the purpose of issuing bonds to the amount of \$20,000.00 to carry on project.

ALUMINUM COOKING UTENSILS

AT THE

JOURNAL and COURIER
COOKING SCHOOL

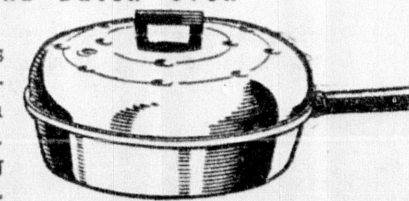

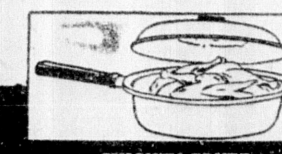

Tues., Wed., Thurs., Fri., 9 A. M. Fox Illinois Theatre

7 out of 8 American homes use Aluminum cooking utensils. This overwhelming preference is based on facts every woman should know, facts which will be explained and demonstrated at this Cooking School. You are cordially invited to see and hear these points of superiority:

1. Aluminum is friendly to food.
2. Aluminum preserves food flavor, color and nutritional qualities.
3. Aluminum does not rust.
4. Aluminum utensils are lighter; easier to handle; but sturdy, strong.
5. Aluminum utensils cook quickly; save fuel.
6. Aluminum utensils cook evenly; foods taste better.
7. Aluminum utensils have no "hot spots"; are practically self-stirring.
8. Aluminum utensils are easy to keep clean.
9. Aluminum utensils are practical; modern in design.
10. "Wear-Ever" is Aluminum at its best.

SPECIAL DEMONSTRATION
of "Wear-Ever" Chicken Fryer and Dutch Oven

will explain the many advantages of this two-purpose utensil. It fries chicken to a beautiful crispy brown. It cooks delicious Dutch Oven dinners. Made of extra thick, hard sheet Aluminum. Has a "Steam-seal" cover with valve for releasing excessive steam. Good looking Bakelite handles.

"Wear-Ever" ALUMINUM

For 39 Years The Standard of Quality

SIDE GLANCES By George Clark

"Couldn't we afford another icebox just to store food we want to save over for the following day?"

THIS CURIOUS WORLD By William Ferguson

ANSWER: Wrong. All rabbits can swim, if necessary, but only the marsh and swamp rabbits, two tropical American species, are known to be regularly aquatic in their habits.

NEXT: When moose walked across Lake Superior.

Plays Cavell

Anna Neagle, comely British actress, is her own research expert, and studies meticulously the historical data of such roles as that of Nurse Edith Cavell, which she will play without make-up, though the martyred Cavell was much older than her, own 34 years.

Something distinctly different in pictures of Brenda Frazier, 1939's No. 1 debutante, resulted when the cameraman happened along as she lunched in a New York hotel with her cousin, Ross Clark, and listened wide-eyed to his adventure tales.

STORIES IN STAMPS

Florence Nightingale—First Wartime Nurse

THE Crimean War broke with a horrible toll in the spring of 1854, but death on the battlefields was only the beginning. The real toll followed in the shambles that served as base hospitals, the Turkish barracks at Scutari.

Reports of the disease and the suffering and the dying filtered out from Scutari and back to England and the result was intense feeling at home. There was a call for women to nurse the soldiers. Florence Nightingale, daughter of an upper middle-class English family, heard that appeal and headed a mercy expedition which turned the course of history on all battlefields.

Florence Nightingale and a group of 34 nurses arrived in Turkey on the day of the bloody battle of Inkerman. There were 2300 patients in one barracks alone and before night the number had swelled to 5000—victims of Inkerman.

But the number of men was not so staggering as was the army of disease and filth that confronted Miss Nightingale and her volunteers. She found mattresses strewn in the corridors, the wards permeated with cholera, fever and poisoning. Men had no adequate diet, wounds were undressed, there was mud in the beds.

That was the task Florence Nightingale faced—and conquered. She reduced the death rate from 42 to 2 per cent at Scutari. At the same time she set a pattern of wartime humanity which has endured for all time. She is shown above on a current Belgian stamp. (Copyright, 1939, NEA Service, Inc.)

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Local Man, Head of Beer Distributors, Hits Proposed Bill

Carl Shaffner Says Changes Pending in Legislature Would Hurt Business

Springfield, Ill., May 22.—(P)—The Illinois Liquor Control Commission's bill for new state-wide regulation of taverns encountered opposition today from the Associated Beer Distributors of Illinois.

The bill sponsored by the commission would after Jan. 1, 1940 restrict taverns to one for every 500 persons; provide a general 1 a. m. closing hour and allow Sunday operation of taverns only in communities which authorize them to be open.

Power to suspend licenses as penalty for violations of the law also would be given the commission. Under the present act, licenses may only be revoked, a penalty which chairman Arthur S. Smith of the commission has held to be too severe in some instances.

Carl M. Shaffner, Jacksonville, president of the beer distributors' association said in a statement the commission bill and others pending in the legislature would "drive 40 per cent of the beer wholesalers and many of the retail outlets out of business." He said retailers were opposed also to a provision of the commission bill that would permit a \$50 license for package beer sales only by stores.

Shaffner announced a regional meeting of beer wholesalers in the Lincoln-Springfield-Decatur-Taylorville area would be held here tomorrow night to consider control bills. The state commission's measure was expected to be given a hearing this week before the house committee on liquor regulation.

Literberry Four-H Club Has Program; Church Class Meets

Literberry, May 22.—The 4-H club held its regular meeting on Tuesday afternoon at the school house with eight members and one guest, Margaret Petefish, present. Roll call was answered with "Why I Chose My Project" and the topic "The Finish of Seams on my Tailored Dress" was given by Charline Taylor.

Rosalie Taylor led the songs and the members present were Hazel Brainer, Lida Lomergan, Doris Crum, Ruth Petefish, Ruth Rexroat, Betty Sue Myers, Rosalie Taylor and Charlene Taylor.

The Live Wire Class of the Baptist church held a social on Thursday evening at the home of Clarence Mallicoat. The business session was in charge of the president, Anna Louise

SERIAL STORY

DATE WITH DANGER

BY HELEN WORDEN

COPYRIGHT, 1939, NEA SERVICE, INC.

Yesterday, Mary interviews the French family and the next day about Janice French and her secret apartment.

CHAPTER XI

TUCKY THOMPSON had come home late. A cocktail party at Mrs. Van Zant's detained her. But this was not unusual. She always ran hours behind schedule. Tonight she was only 30 minutes off. "Corinne!" her high-pitched voice echoed through the apartment. "Corinne!"

"Oui, Madame, oui. I be there in a moment," Tuckie's maid answered sulkily from the kitchen. "I pressing zat dress again for you to wear zis night."

But even Corinne's ill-temper couldn't disturb Tuckie's good humor. The afternoon had gone well. Humming a little tune, she rustled into her bedroom.

Her present home was a remodeled walk-up in the East Fifties. She had decorated it herself. The walls of the tiny drawing room were sea-shell pink and the furniture chalk white. There were white bear rugs on the black painted wood floor and white Venetian blinds at the windows.

Her bedroom was done in the same manner. In its tenement days the series of cubicles had been called a railroad apartment, but since the architectural face-lifting had taken place they were dignified by the title of the English Chambers. There was a difference of \$50 dollars a month in the rent.

Tuckie was proud of telling acquaintances, however, that her last apartment, the one where she'd lived with her fourth husband, had cost \$12,000 a year. She also explained that she'd taken this present modest home because she didn't think it was right to live in such luxury when so many people were suffering, but to closer friends she confessed that she'd got more alimony out of Pete Thompson. The job as hostess at the Dove, she told them, was also helping her bridge the gap.

SHE must dress with extra care tonight. So many people were waiting to impress would be at the Dove.

The Van Zants' cocktail party had been a great success. The head of a new cosmetics company had been there and she had nearly agreed to promote his business—as nearly as she could—until she was sure what to ask him for her efforts. Meanwhile he'd promised such prospects!

It was at the Van Zants that Tuckie had run into Clem, the glamor girl of the deb season. "So much fresher than Janice French," she mused. When she saw her she cleverly button-holed Jack Burden.

"I want you to bring Miss Shirley to the Dove with you tonight and sit at my table."

Clem had been eager. "I've heard so much about that Duke Martin. I've always wanted to meet a real gangster."

"All the more reason for my going," Jack Burden had said. That boy was so good-looking. Tuckie's brain rattled on as she slipped into her evening gown. If she were younger she'd make a play for him herself. He had such prospects!

Mallicoat. The evening was spent in playing games and refreshments were served.

Two guests were present and the following members, Mrs. Lela Daniels, J. R. Beavers, Mrs. Bernice Samples and daughter Freda, Irene Daniels, Marjorie Vedder, Anna Louise, Dorothy Lee and Margretta Mallicoat, John McGinnis, Albert Wingler, Lawrence, Oren and Paul Mallicoat.

Personal Mention

Mr. and Mrs. Truman Scott of Winchester were Sunday dinner guests of Mr. and Mrs. J. R. Beavers.

The families of Joy Brainer and Harry Lowery have been released from quarantine.

Journal And Courier Cooking School Opens Here Today

H. S. Arts Classes To Display Year's Work At School Tomorrow

The arts department of Jacksonville H. S. will present their annual exhibition of student work in a full day's program Wednesday. The manual arts and art departments will be open to visitors during the day and evening. In the afternoon at 2:00 a style-show of student work in the sewing department will be presented in the high school auditorium. In addition to the other events, a band concert will be given by the Crimson band from 8:00 to 8:30.

The largest display will be shown in the wood-shop rooms at the rear of the first floor of the school building, in which a huge array of furniture and projects is being arranged, under the direction of the instructor of the students, Elbert Lair.

John May, instructor of the drawing and printing classes, will present a display of design and house planning developed by the students during the current school year. There are over sixty boys in the classes.

The art department, situated on Jordan street, facing the David Prince school, has been working with color and design work during the year, under Miss Esther Robinson, and will present a large display of drawings in the northwestern classroom on the first floor of the high school building. There are forty students in the first and second year classes.

The members of the sewing classes, conducted by Miss Edna Osborne, will give the style show. The dresses and other clothing articles have been designed and made by the students during the year.

Markers Dedicated At Graves of Vets In Local Cemetery

Representatives of Patriotic Organizations Conduct Program

Services Sunday afternoon at the grave of Charles F. Hart, dedicating markers placed at the graves of 12 veterans representing service in four wars, were conducted with impressive ceremony by George Vasconcellos, commander of the Jacksonville American Legion Post, at the Jacksonville cemetery.

Representatives from patriotic societies, and the American Legion gathered at the grave of Private Hart, where according to ritual the ceremony was carried out. The markers were placed through the efforts of the American Legion and Mrs. Sara John English, state chairman of grave location of the Daughters of 1812.

Following the call to the colors by Bernard Strongman on the bugle, greetings were given by J. C. Colton, adjutant of Post 27, American Legion, who in his tribute to the veterans, said "In such a gathering respect is being paid to veterans in all similar spots in Morgan county" and that it was with a spirit of thankfulness that he thought of the patriotic societies that were carrying on with untiring efforts. He spoke of the leadership of the U. S. Daughters of 1812 in locating the graves of veterans of 1812, directed by Mrs. English, and of her efforts to continue the spirit of patriotism, for which the men of the Legion paid her a personal tribute. Mr. Colton expressed appreciation to W. E. Marine of the Legion, in his fine work of locating the graves and securing the markers.

A spray of white carnations, the floral emblem of the U. S. Daughters of 1812, was placed by Miss Carolyn C. Tait, for the state grave location committee of the U. S. Daughters of 1812.

Mrs. English read a tribute to the veterans, prepared by Mrs. Arthur J. O'Neill, national president of the U. S. Daughters of 1812. "The Star Spangled Banner" was played in a beautiful rendition on the bugle by Bernard Strongman, at the close of this tribute.

The roll of honor was read with appropriate remarks by Commander Vasconcellos. It included veterans of 1812, James Carr, Thomas Carson, Thomas Church, David Samples, Archimedes Smith; Civil war, Andrew H. Young, Charles Patrick; Spanish war, Taylor Reed; World War, Loren S. Daly, Charles F. Hart, Edward McGinnis, Charles Mockton, Walter B. Taylor, Frank Waffie, (not yet marked), Otis Haney, W. V. Worley.

Prayers from the ritual of the American Legion and Daughters of 1812 were read by Roy Hapke. The salute to the dead by firing squad, commanded by James Ash included, A. Ward, Eldon Spaulding, Harold C. McDougall. The color guard included, Claude Gustine, Homer Bradley, Thomas Craver, O. Goodman.

The exercises closed with taps by Bernard Strongman and echo taps by Walter Meyers, Jr.

MRS. LOIS HARNEY HARDIN GIVES PROGRAM TO CLASS
Mrs. Lois Harney Hardin, director of the music department of Jacksonville Brown's Business College, entertained the members of the freshman class of Jacksonville high yesterday afternoon with a special program.

With Mrs. Ralph Hutchinson providing the piano accompaniment, Mrs. Hardin gave a group of Spanish numbers. She was dressed in appropriate costume for the selections. The entertainment followed a short business meeting conducted by the president of the group, Ralph Evans, and the secretary, Betty Caldwell.

REAL ESTATE TRANSFER

Whipple Academy Classes Picnic At Nichols Park

28th Anniversary of Class Of 1910-1911 Attended By Large Group

Members of the Junior and Sub-Junior Classes of Whipple Academy, formerly the preparatory department of Illinois college, met in a picnic reunion Sunday afternoon at Nichols Park.

Members brought well filled baskets of appetizing foods which were spread on tables in one of the pavilions. This was the 28th anniversary of these classes.

After the dinner each member of the class spoke briefly, telling what had taken place in the intervening years.

The meeting was arranged by Lloyd W. Biggs and Gladys Biggs Gordon, who initiated the plan, attempted to locate all members and corresponded with them. J. Chester Colton of Jacksonville cooperated with these two members by making local arrangements.

Those who attended the reunion were the following: Major Lloyd W. Biggs, regular army officer now stationed at Mattoon, Illinois High School, as instructor in military training, together with his wife and three sons; Mrs. Violet Biggs, of Peoria, mother of Major Biggs; Mr. and Mrs. Guy Seymour and son, Dean, of Franklin; Mr. and Mrs. H. Scott Gordon and son Lloyd, Winchester; Mrs. Helen Killam Martin and son Wilbur, Cornell, Ill. Mr. and Mrs. Floyd Simmons, sons, Wayne and Kenneth and daughter Leah, who is now a student at Illinois college, all of Pana, Ill.; Mr. and Mrs. J. C. Colton and daughter, Claire, a student at MacMurray College, Jacksonville; Mr. and Mrs. Charles J. Drury, Alexander; Mr. and Mrs. Carl E. Robinson and son Edward, of Jacksonville; Mr. Robinson, was principal of Whipple Academy when this class was in school; Mr. and Mrs. W. T. Harmon, St. Charles, Ill. Mr. Harmon was class officer of this class during the school year 1910-1911.

There were also present: Mrs. W. T. Harmon, St. Charles, Ill. Mr. and Mrs. W. T. Harmon, St. Charles, Ill. Mr. and Mrs. W. T. Harmon, St. Charles, Ill. Mr. and Mrs. W. T. Harmon, St. Charles, Ill.

In addition there are numerous cedar chests and lawn chairs on exhibition. One of the most unique displays is a group of table trays. Beneath the glass are genuine stencils used in the manufacture of Japanese silks. These stencils were brought from Japan by a relative of one of the students in the classes.

Also there will be large groups of baseball bats and a variety of lamps, chairs, and tables. A kitchen cabinet unit has been made by Ralph Spencer, Maynard Pennell, and Floyd Little.

Mrs. Rosa Bell Of Manchester Dies

Scott Resident Passes Away This Morning After Brief Illness

Manchester, May 23—Mrs. Rosa B. Bell, well known resident of this community, passed away this (Tuesday) morning at White Hall hospital. Death followed a brief illness.

Mrs. Bell was 80 years of age. She is survived by two daughters, Mrs. Lonnie Moore of Athensville and Mrs. C. R. Schwartz of near Manchester. Funeral arrangements are incomplete.

DEAN HAWKINS IS HOSTESS TO SENIOR CLASS OF MCMURRAY

Dean Roma N. Hawkins entertained the members of the senior class of MacMurray college Saturday evening at the annual Dean's party. The party was held in Ann Rutledge lounge at eight o'clock. The invitations were built around the theme of the Hub since it was named by a senator and its first year was the last one for the seniors. The tally cards had on them a picture which is a part of the wall decorations of the Hub.

During the evening three original games were enjoyed by the guests. The first was played with pictures of college activities of this year; the second, jumbled careers; and the third, the traditional story in which are concealed the names of all the seniors. Prizes were won by: Alice Catterall, Elizabeth Ubben, Claire Colton, Cynthia Knapp, Cathryn Buchner and Margaret Davis. The traditional refreshments were served at the close of the evening. Mrs. Hawkins was assisted in receiving by her mother, Mrs. Nickerson.

Besides the seniors, special guests were Dr. and Mrs. C. P. McClelland, Dean Mary E. Baird, senior class adviser, Miss Lula D. Hay; sophomore class adviser, Miss Mabel R. Walter; and Mrs. Leona Neal, senior house mother.

The following sophomores assisted Mrs. Hawkins in serving: Jane Allison, Jane Chapman, Jessie Clark, Alice Marie Hitch, Mary Hills, Dorothy Mae Grigsby, Frances Webb, Mary Morgan, Dorothy Jane Wilson, Jean Stambaugh, Carol McClelland, Leonora Ross and Dorothy Lorence.

STATE STREET CHURCH NEWS
The Cottage mid-week service will be held at the home of Miss Nellie Cunningham on 243 Prospect street on Wednesday at 7:30 p. m. Those having cars are asked to help bring friends of this service.

State Street Church School will observe Children's Day on Sunday, June 4th, at 10:00 a. m. A fine children's program is being arranged.

The Tuxis group of young people 24 strong took a trip to Lake Springfield and had a picnic supper on the lake shore Sunday.

The interior of the manse is being redecorated. Money has been raised to redecorate the educational rooms of the church. Have you noticed the messages on the bulletin board of this church?

TO MARQUETTE PARK
Mr. and Mrs. Fred Mann and Mr. and Mrs. Fred Hazelrigg spent Sunday visiting Marquette State park near Grafton.

COOKING SCHOOL HOSTESS

MISS MARY ANN KIDD

Act To Revive Building, Electrical Codes; Mayor Names New Committees

Initiating a move to revive the building code and add an electrical code similar to the plumbing code, Mayor H. H. Vasconcellos last night asked the city council to consider these things in connection with the present building activity. The mayor also appointed a committee to take over the operation of the city departments as a result of the changes in the council which took place the first of May.

Relating that several cases which had been reported to him where persons inexperienced in installing electrical wiring had accepted work of this type, and that there had been violations of the zoning ordinances, the mayor recommended that the two codes be drawn up and presented to the council.

City Attorney Edward Cleary told the council that this was one of the few cities in Illinois of this size which did not have a building code, and an electrical code, and suggested that it might be possible to obtain model ordinances upon which the city could base its building and wiring codes from the Illinois Municipal League.

Speaking on the same subject, Alderman Ralph Cowgour said he investigated the present status of the city's building code some months ago and although he found that provisions were made to issue building permits, it was the duty of the building commissioner to issue the permits, and the city did not have a building commissioner. He suggested the appointment of a building commissioner as the first step in the reviving of the code, but the council took no action pending further investigation.

Names Committees
In naming the committees, Mayor Vasconcellos said that it was a difficult task to attempt to apportion the work of the council evenly, and added that he had been influenced in making his appointments by considering the fitness of the various aldermen for various types of work. He added that the committees were being appointed on a try-out basis and that it might be necessary to make some changes later.

The appointments were as follows: (first named is chairman)
Building—Reid, Chumley, Flynn, Finance—Franklin, Cowgour, Doolin, Fire—Flynn, Chumley, Hoagland, Garage—Chumley, Reid, Cowgour, Highway—Hoagland, Flynn, Doolin, Light—Chumley, Hoagland, Doolin, Ordinance—Hoagland, Reid, Baker, Police—Cowgour, Franklin, Flynn, Public Improvement—Baker, Doolin, Reid, Sewer—Baker, Cowgour, Doolin, Water—Cowgour, Franklin, Flynn.

Raps Condition of Alleys
Mayor Vasconcellos also declared that he was considerably distressed about the condition of the alleys in the city, and declared that the highway department would have the task of giving the alleys, particularly in the business district, a good cleaning, and then the police, highway, and other committees of the council would be required to enforce the city ordinances which prevent dumping of waste material in the alleys.

Speaking on the need of room for housing city departments, Alderman Chumley, retiring building committee chairman, said that it is proposed to install a woman's lavatory on the second floor of the city hall. The mayor spoke in favor of having an office in which he could hold consultations. Alderman Chumley also said that an arrangement has been worked out to provide storage space for the municipal light repair truck and other small equipment in the present police garage.

The council completed the deal whereby it will trade 3.65 acres of property near the north dump to Charles L. Keener for the same amount of land to be used as a new city dump, selling to Mr. Keener city property on his bid of \$150 an acre, and buying from him a similar amount of land for the same price.

Accepts Recommendation
The council accepted the recommendation of the water committee and authorized the renewal of a contract with the Monsanto Chemical company of St. Louis to furnish liquid chlorine for the coming year on their bid price. Chairman Cowgour of the water committee explaining that he

had several bids, all quoting the same price.

Liens against properties which have been benefited by special assessments as far back as 1876 and as late as 1921, which have never been officially released, in the county court record, were officially ordered released in a resolution presented by the city attorney and approved by the council. The list of special assessments was six typewritten pages long. The city attorney explained that according to the treasurer's record there are no bonds outstanding and no unpaid vouchers against the properties involved in the listed assessments, and that therefore there was no need to collect trifling amounts from the property owners to distribute back to the other owners who had previously paid their assessments.

To Clear Title
The resolution was presented he said, because almost every week some attorney discovers a cloud on the title to some property caused by the lien entered in the county court when the special assessment was adopted. Some of the work for which the special assessment was levied has long since been replaced, such as pavements and sewers.

Alderman Frank Baker presented a petition signed by residents along Cox street, asking that it be opened from Independence to Walnut as a convenience to persons who attend carnivals and circuses in that section of the city. The petition was referred to the highway committee and the city engineer for investigation.

The council also authorized the purchase of an electrically operated water cooler from R. E. May and Son for \$208.58. Alderman Chumley stating that this was the only bid he received to furnish the equipment after making requests at different establishments.

Alderman Franklin said that while the budget for the first four months showed the city operating over its budget, it was actually over \$2,000 ahead of its estimated expenditures. He also introduced a resolution which the council adopted declaring the Illinois State Bank as the official depository for city funds.

Another resolution transferred \$12,000 in the construction account of the municipal light plant to the maintenance and operating fund. Still another resolution approved a change in the schedule of prices paid for the various types of bricks used in the construction of the plant, the light committee chairman, T. C. Chumley pointing out that there was no change in the ultimate cost of all the brick work.

The city's share of the April Motor Fuel Tax amounted to \$2,795.49 according to a report read by City Clerk John R. Phillips.

Jacksonville High Is Accredited By School Association

Local School Has Been Accredited By Group Since 1909

Announcement has been received by Principal J. C. Mutch that Jacksonville High School has again been accredited by the North Central Association of Colleges and Secondary Schools for the period ending June 30, 1940. It is the established policy of the association to prepare each year a new list of approved secondary schools accorded this honor. No school is approved by the association for longer than a one year period.

The certificate received by Principal Mutch states that Jacksonville high has been approved continuously by the association since 1909. The certificate is valid as long as the school meets conditions for membership and maintains the required standards of excellence.

Before any school can be considered for approval by the North Central Association, it must be on the highest list of schools approved and accredited by the school authorities within the state. The regulations of the Association include such matters as instruction and spirit, school plant, sanitation and janitorial service, instructional equipment, the school library and library service, school records, policies of the board of education and the administration of the school and its financial support, preparation of the instructional and supervisory staff, the teaching load, the pupil load, and the educational program.

The North Central Association approves both secondary schools and institutions of higher learning in twenty states comprising a large portion of the north central and central United States.

The advantages of the membership in the association, as announced by Principal Mutch are as follows:

Graduates of any approved high school are privileged to enter institutions of higher learning within the North Central states without entrance examinations, provided they have credits in the high school subjects required by the college or university to which admission is sought.

An approved high school must maintain high standards, and therefore the community is assured of a program of modern high school education. The visitation by supervisors at regular intervals by supervisors serves to stimulate progress and to prevent the development of questionable practices and tendencies.

Rufus Browning Of East St. Louis New Head of Phi Alpha

Officers Elected By I. C. Literary Society Last Night

Rufus Browning, East St. Louis, last night was elected to head Phi Alpha, men's literary society at Illinois College, for the first semester of the 1939-1940 school year.

The semi-annual voting was held in the society rooms of Old Beecher Hall on the campus following the regular program. After the balloting, the more than forty members adjourned to Cogswell Cafe for a midnight supper, sing and smoker. The newly elected officers entertained.

Those named to head the organization are as follows:

President—Rufus Browning, East St. Louis.

Vice President—Dwight Nelson, Galva.

Corresponding secretary—Charles Belcher, Patoka.

Recording secretary—McKeever Massey, Great Bend, Kansas.

Treasurer—James Soderquist, Galva.

Chaplain—John Newberry, Jacksonville.

Critic—Charles Meneses, Virginia.

Prudential chairman, Bob Breck, East St. Louis; Fred Wurtzel, Freeport.

Steering committee—D. Denis, C. Black, K. Mossman and P. Arena.

KNIGHTS TEMPLAR OF CITY ATTEND SERVICE HELD IN SPRINGFIELD

Four officers and members of Hospitaler Commandery No. 31, Knights Templar of this city attended the Ascension service, sponsored by Elwood Commandery, at the First Presbyterian Church in Springfield Sunday, Ormand G. York, eminent commander, Lee Stice, past commander, and Carl F. Walter and Alfred M. Leake, were those who attended the services from this city.

Sir Knight Frank I. Hooper, Austin commandery, grand commander of the State of Illinois, led the reading of the general confessions; Sir Knight Stuart E. Pierson, Carrollton, read the scriptures; Sir Knight Grant Mason, pastor of Central church, Petersburg, delivered the Ascension message; Rev. T. O. M. Wills, assistant pastor of First Presbyterian church, gave the invocation and benediction at the church services.

Featured was a parade of the uniformed knights from the Masonic Temple to the church.

ENTERS HOSPITAL
Harold Fernandes of 1520 South Main street has entered Our Saviour's Hospital as a surgical patient.

Lecturer Arrives From Indiana; Women Invited To Four Daily Sessions

Miss Mary Ann Kidd, who is to preside over the Journal and Courier Cooking School this week at the Fox Illinois theatre, arrived in the city Monday to complete her part of the plans for the big event for women beginning today, and continuing through Friday. She has just completed a successful cooking school at Wabash, Indiana.

Miss Kidd is enthusiastic over the prospects of the Journal and Courier school. "I am sure we are going to have pleasant and profitable sessions for the women of Jacksonville and community," she said.

Miss Kidd's home is in Atlanta, Ga., and it is natural that she should bring some of that "good old southern cooking" advice to housewives here. She will be assisted in conducting the classes this week by Miss Eloise Anderson whose home is at Pine Island, Minn.

The stage of the Fox-Illinois has been converted into a model kitchen, where Miss Kidd will lecture and demonstrate the culinary art. All eyes will focus on the immaculate stage kitchen, complete from major equipment through gleaming utensils.

Works in Modern Kitchen
With Miss Kidd working in a modern kitchen serves both to dramatize the romance of homemaking and to demonstrate the possibilities of up-to-the-minute labor-saving devices. Those new household developments, designed to serve the homemaker as full time servants, will be seen in action at every class this week.

The opening session of the Journal and Courier Cooking School will be held Tuesday morning beginning at 9 o'clock, and will be completed before the noon hour. Other Cooking School sessions will follow on Wednesday, Thursday and Friday mornings at the same hour. The doors of the theater will open each day at 8:30 a.m.

Women of the entire community are cordially invited to the Journal and Courier Cooking School. There is no admission charge or tuition fees of any kind.

An Expert Homemaker
Miss Kidd has chosen homemaking as her specialized field. She has qualified for this work by combining natural talents with study and experience in cookery, home management and a genuine interest in women's every day problems. Business training and food management have given her a perspective for the necessity of budgeting time and money in the home and the conservation of energy.

A southerner by birth, Atlanta, Georgia, being her home, Miss Kidd has traveled throughout the United States studying the various types of homes which comprise this America of ours.

Last year, Miss Kidd made a culinary tour of Europe and, from each country visited, brought back numerous cookery ideas and recipes. She learned the secrets of sauces and pastries of the more delicate type from chefs in France. In Germany she was taught to prepare the practical and substantial foods. Cheese dishes were stressed in Switzerland and in Holland she learned many new and unusual ways of preparing left-overs. In England she enjoyed tea time dainties; in Hungary, the paprika dishes; spaghetti in Italy; appetizers in Belgium; coffee cakes in Austria and a combination of the very new and very old in seasons in Czechoslovakia.

Miss Kidd studied home economics at Georgia State College for Women; University of Chicago, Gordon Blue in Paris, France; Fanny Farmer School of Cookery in Boston, and in Washington, D. C., where she also assisted in editing the food pages of one of the capital's best known papers.

Better homes mean happier people. Realizing this, Miss Kidd studied interior decoration this last summer with foremost authorities in New York. She now adds this service to her home forum because of the important place it holds in the world today.

Compiles Many Recipes
Miss Kidd believes that a hostess should enjoy her own party if it is a success. She has spent much time in compiling recipes and suggestions for party dishes that are artistically attractive, delicious, and inexpensive. She thoroughly enjoys teaching others to prepare these foods. True economy in the preparation of delicious foods is a hobby of Mary Ann Kidd.

Women seek release from household duties that are too confining. Miss Kidd understands and values good equipment and imparts to her audiences the benefits and savings from the use of modern devices. She will also give the value of her practical experience in using substitutes and left-overs.

Miss Kidd's desire is to be of service. She is tireless in her efforts to interest all women in home management which authorities concede, is the most important business in the world today. Women of Jacksonville will find Miss Kidd a charming hostess at the Cooking School, and many will attend all four sessions, as the program each day will be refreshingly different.

Many Firms Operate
A number of Jacksonville business firms and national manufacturers and distributors are cooperating with the Journal and Courier in the Cooking School. Miss Kidd uses only the best equipment in her kitchen, and the best ingredients in her cooking. The firms helping to sponsor the school supply her with such equipment and products.

The firms interested in the school are Illinois Iowa Power Company, Jacksonville Ice and Cold Storage Company, Montgomery Ward & Company, Lever Brothers, Hopper Shoe Store, Kresge-Pollard Store, Deppes, Rainbow Paint and Paper Store, Holmann Floral Company, Peeries Bread Company, The City Garden, Alumnium Cooking Utensil Company, Red and White Stores, Bassett's Jewelry

Store, Gustine Furniture Store, G. S. Supplier Company, Coca Cola Bottling Works, Sears, Roebuck & Company, Producers Dairy, Birnbaum Market, Ideal Baking Company, H. L. Smith Hardware Store, Godfrey's Linoleum and Shade Company, Brady Brothers Hardware Store, Waddell's Barickman Drapery Company.

Women who attend the Cooking School are assured of comfort regardless of the weather during the next few days. The extensive cooling system of the new theater will be in use for the first time, maintaining the proper temperatures.

A number of prizes will be given away at the Cooking School. None of the Journal-Courier Company employees or members of their immediate families will be eligible for receipt of any of the awards.

Men's Glee Club Of Illinois College To Present Concert
The Men's Glee club of Illinois college will present a concert Wednesday evening of this week, at 8:15 o'clock, at Baxter Hall. The program will be given under the direction of Prof. Joseph C. Cleeland, director, with soloists by Julianne Shaw, cellist, and Delwin Shaw, violinist.

PLANS FOR MORGAN FAIR TO BE TALKED AT THURSDAY MEET

The meeting of the superintendent of the Morgan county fair department, which was scheduled to be held this evening has been postponed until Thursday evening of this week. The meeting will be held at 7:30 o'clock in the Chamber of Commerce offices.

Since the fair dates have been changed this year it is necessary to rearrange the program and the catalog for the county exposition. All superintend
